

Oberlin Municipal Court
OBERLIN, OHIO
ANNUAL REPORT

(For the period January 1, 2018 through December 31, 2018)

“To us this may be just another day at the office. For the participants it is perhaps the single most important event in their life. Endeavor to treat every case with the utmost care and attention whether a simple traffic violation or a serious allegation of wrongdoing, whether a small claim or a claim for the maximum monetary jurisdiction of this Court.”

Thomas A. Januzzi,
Judge Oberlin Municipal
Court

William Wiley	Deputy Bailiff/Security
Randall Widener	Deputy Bailiff/Security
Gina Holt	Deputy Clerk
Cathleen Coffman	Deputy Clerk

Oberlin Municipal Court Organizational Chart 2019

JUDGE'S COMMENTS-2018

It is an honor and privilege to serve as Judge of the Oberlin Municipal Court and we are pleased to present the 2018 Annual Report.

The report contains information required by law to be reported to Oberlin City Council and to the Lorain County Commissioners. The report also contains additional information that may be of interest to the general public.

The court was established in 1958. The court has jurisdiction in the following territories located in Lorain County, Ohio: City of Amherst, City of Oberlin, Village of Wellington, Village of South Amherst, Village of Kipton, Village of Rochester and the Townships of Amherst, Brighton, Camden, Henrietta, Huntington, New Russia, Penfield, Pittsfield, Rochester and Wellington.¹

The court was a part-time court until 1990 when the court became a full time court. There have been 3 Judges of the Oberlin Municipal Court. Judge David Goldthorpe served from 1958 to 1975. Judge Martin Heberling served from 1975 to 2001. Judge Thomas Januzzi has served since January 1, 2002 to present.

The court had a part-time Magistrate to hear Small Claim cases for approximately 14 years until 2004. The Magistrate was phased out and eliminated in 2005. Prior to 2002 the part time Magistrate worked ½ day per week and was compensated the sum of \$24,000.00. The duties of the Magistrate position consisted mainly of hearing small claims cases. Immediately upon taking office in 2002 a decision was made to cut the Magistrate's salary in half to \$12,000.00 per year. Effective January 2004 the position of Magistrate was totally eliminated.

The Judge has assumed all duties of the Magistrate. Pursuant to the Ohio Revised Code 40% of the Magistrate's position was paid by the County. The County realized an immediate savings of \$4,800.00 per year for calendar years 2002 and 2003 and a savings of \$9,600.00 per year for the calendar years 2004-2018 for a total savings of \$153,600.00 since January 2002 [not including increases in the Magistrate's salary]. The City has not had a Magistrate expense for the past 14 years (\$14,400.00 per year for fourteen years or \$201,600.00) and \$7,200.00 per year for 2002 and 2003 for a total of \$216,000.00. The savings to County and City since 2002 is almost \$370,000.00 plus approximately \$70,963.2 in payroll expenses (PERS 14%, BWC .037, Medicare .015) **for a grand total savings of \$440,563.20.**

¹ The total population in these territories is 45,841 [2010 Census] compared to 45,469 according to the 2000 Census. The populations for the territories are:

City of Amherst	12,021	City of Oberlin	8,286
Village of Wellington	4,802	Village of South Amherst	1,688
Village of Rochester	182	Village of Kipton	243
Amherst Township	5,728	Brighton Township	915
Camden Township	1,424	Henrietta Township	1,861
Huntington Township	1,341	New Russia Township	1,943
Penfield Township	1,789	Pittsfield Township	1,581
Rochester Township	617	Wellington Township	1,420

The City of Amherst, Village of Wellington, Village of South Amherst and Village of Kipton have also benefitted directly from the elimination of the Magistrate expense as this is a savings for their percentage of the cost apportionment. These cities and villages in the territory share in the cost of the operation of the court. The Finance Directors of the cities and villages by statute are to meet twice per year to determine the cost apportionment.

The court operated without a probation department [community control department] during the first 43 years. A part-time probation officer was hired in 2002 and since then the department has gone through some changes. Beginning in 2009 there were 3 full time probation officers. Beginning January 1, 2012 the department was reduced to 2 full time probation officers in part due to budget cuts.

The court has jurisdiction of civil cases that do not exceed claims in excess of \$15,000.00. Small Claims jurisdiction is cases that do not exceed claims in excess of \$6,000.00.

The court has jurisdiction over misdemeanor cases from filing to conclusion. The court has jurisdiction over felony cases for purposes of affording an accused a hearing to determine if probable cause exists that a felony was committed and that the accused committed the felony. In cases where probable cause is established by the state the case is bound over [transferred] to the felony court – Lorain County Court of Common Pleas for consideration by the Grand Jury. At times there are felony cases that are charged as a felony by law enforcement and the Prosecutor changes the charge to a misdemeanor and will not prosecute the felony charge(s). The case is then finished at the Municipal Court as a misdemeanor even though the person was initially charged with a felony offense.

The Clerk of Court is appointed by the Judge. In Courts with territorial population of less than 100,000 [with a few statutory exceptions, e.g. City of Lorain] the law provides that the Clerk is appointed by the Judge.² The Clerk of Court is Sandra L. Kohart. Sandra was elevated to Clerk from Deputy Clerk when the former Clerk retired. Unlike an elected Clerk whose salary is set by statute [an elected Clerk receives 90% of the salary of the Judge of the Court], the Clerk's salary is set by the Judge. In years when the court's expenditures exceed revenue City Council must approve the salary of the Clerk for the ensuing year. While an elected Clerk is paid over \$100,000.00 per year³ the Clerk of the Oberlin Municipal Court presently is paid approximately \$70,000.00 per year.

Summary of Caseload

The caseload for the year 2018 saw an overall decrease in criminal cases to historic lows and a modest increase in civil cases from 2017. Traffic cases were up from 4,752 in 2017 to 5,420. OVI filings were the 2nd lowest in the history of computerized records dating back to 1991 and felony and criminal misdemeanor filings the lowest since 1991 and 1994 respectively.

² RC 1901.31

³ The law provides that in cases of most elected Clerk's of Court that the Clerk receives an amount equal to 85% of the salary of the Judge of the Court.

The low caseload trend for the past several years has both positive and negative effects on the operation of the court. The positive impact is that there is more time to spend on the cases that are filed, especially cases that need significant attention such as OVI and Domestic Violence cases. A negative impact is that the lower number of cases means lower revenue. Lower revenue means that the court must monitor staffing to ensure the court is properly staffed to service the cases that are filed while taking into consideration that lower revenue results in a burden on the funding authority. These issues are discussed elsewhere in this report.

Criminal Caseload- 2018

When I was growing up my father had a shoe store. One of the goals was that we strived to make people happy and satisfied so that we would have return business or customers. In this business our goal is opposite. While we may strive to better lives [and by that to make them happy or happier] by habilitation or rehabilitation to assist them in becoming a better version of them we also work toward the goal of not having return or repeat customers. Our numbers show that we have had some success in this endeavor.

Overall case filings for Criminal cases dropped to the lowest level since [at least] 1991 to 713. A graph of filings for the past 18 years for criminal misdemeanor filings illustrates the decreasing trend. Save 2015 the decline has been steady and pleasingly remarkable.

Felony filings were the lowest since computerized records began in 1991. Only 97 felony filings were made in 2018 a 20 % drop from 122 felony filings in 2017 and a 48% drop from 185 felony filings in 2016 and a 62% decrease from peak filing year in 2004 of 255 felony filings.

Misdemeanor filings were the 3rd lowest since computerized records began in 1991. The 616 filings were only slightly behind 602 filings in 1993 and 611 in 1994. The 616 filings represent a 66% drop from 1398 filings in 2004.

At year's end the court was in compliance with the Ohio Supreme Court Rules of Superintendence with regard to the docket.⁴ Case load continues to be managed effectively. At the end of 2001 there were 1920 cases pending in the court according to the case management system records. Prior to 2002 the Supreme Court reports were not completed correctly and it is difficult to tell how many cases were over time and in violation of the Supreme Court Rules of Superintendence. As of December 31, 2018 there were only 835 cases pending and over the past 14 years an average of only 777 cases pending at year end.

Criminal and traffic cases can be placed into two categories, low maintenance or high maintenance. An example of a low maintenance case is a speeding ticket in which the person charged with the offense has little or no contact with the court. The person is given a speeding ticket and told the amount of a waiver and that the waiver can be mailed to the court. The person mails the waiver to the court. A clerk receipts the waiver and has no personal contact with the offender. Very few additional resources of staff and time are needed to handle a modest increase in these low maintenance cases. The waiver amount includes basic court costs which are similar to the court cost of a high maintenance case. An example of a high maintenance case is an OVI case. Functions performed by the staff and appearances by the offender include:

1. Initial appearance at arraignment – Clerk inputs a not guilty plea; case is scheduled for a pretrial; bond issues are discussed in open court; if a person is a repeat or habitual offender the community control department may request pre-conviction conditions of bond and the person will meet with a probation officer; Clerk inputs the bond entry; if the person cannot afford counsel a discussion is had on the record regarding their qualification for court appointed counsel and if the judge pre-qualifies them in the courtroom the person then fills out a form required to be completed on a form provided by the Ohio Public Defender's office to confirm their qualification for court appointed counsel.
2. In most OVI cases a person receives an administrative license suspension⁵ and will apply for limited driving privileges. The person must file a petition – the petition is received by the Clerk and entered into the docket. The petition is then presented to the Judge who reviews the petition. If the privileges are granted a staff member then types a limited driving privilege order. Depending on the number of prior offenses the privileges may require either special license plates and/or ignition interlock. If either of these is required additional forms must be processed. If ignition interlock is ordered

⁴ There are two reports to the Supreme Court of Ohio, an administrative report and an individual Judge report. Of the 8,640 cases filed and/or reactivated there were 0 cases over the Supreme Court guidelines on the administrative report and only three cases over on the individual report.

⁵ The law provides that if a person is charged with OVI and they either test over the legal limit or refuse to submit to an alcohol test that their operator's license is immediately suspended. The person is permitted to apply for limited driving privileges after a waiting period of 15, 30, 45, 90 or 180 days or 1 year depending on whether the person has any prior offenses.

- then the Community Control Department must be involved to monitor the connection of the ignition interlock and whether there are any violations. The clerk must enter the limited driving privilege order in the docket.
3. In cases where a person is charged with a multiple OVI offense the vehicle is typically seized by law enforcement. The person may petition the court to release the vehicle from the impound lot. The petition must be docketed by the Clerk. The petition or request is reviewed by the Judge. Many times, because the person does not have valid driving privileges the vehicle will be permitted to be released but only subject to immobilization. Immobilization consists of having the vehicle towed to a residence and placing a disabling club on the steering wheel to ensure compliance with the court order of immobilization. The entry of immobilization is completed by the Judge. The entry must be docketed by a Clerk. A court bailiff effectuates the clubbing of the vehicle and documents the immobilization in a file opened by the bailiff. At the conclusion of the case – if the person is convicted of the charge that requires immobilization – then the club is removed from the vehicle which is monitored by the bailiff. A form is required to be sent to the Bureau of Motor Vehicles (BMV). This form is completed by the bailiff and sent to the BMV.
 4. Court hearings for OVI typically include at least 3 and sometimes 5 or 6. Rarely, is an OVI completed at the first hearing. At arraignment the case is set for an initial pretrial. If the person has an attorney at the first pretrial, the attorney meets with the Prosecutor and exchanges information in a process called discovery. The attorney obtains specific information regarding the case from the Prosecutor (e.g. police report, witness statements, breath reading and calibration reports). At the conclusion of the first pretrial, if all information requested by the defense attorney has been provided the defense attorney is then given the opportunity to file motions. Typically, a motion to suppress evidence seized as a result of an alleged improper stop, detention, arrest or failure to follow proper procedure to obtain an alcohol sample is filed. If additional information is requested (e.g. sometimes there is a video of the stop or the booking room etc.) then the case is scheduled for another pretrial to allow the Prosecutor time to obtain or the defense attorney time to retrieve the additional information. Once the motion is filed it is either scheduled immediately for a hearing or the issues raised in the motion are discussed at the next pretrial. If after the pretrial(s) the case has not been resolved then an evidentiary hearing is held so that the judge can decide the disputed issues in the motion. Motion hearings usually last between ½ hour and 2 hours depending on the complexity of the issues. Motion hearings have been scheduled as early as 7:30 A.M. and during the lunch hour during heavy volume periods. After the hearing, the matter is typically submitted for ruling – sometimes to allow the parties to supplement or submit written arguments regarding the issues at the hearing. After the Judge rules on the

- motion a final pretrial is scheduled to see if the case can be resolved before a trial. If the case is not resolved the case proceeds to trial.
5. Once the case is resolved the law requires that the plea be made in open court and that a Judge have a meaningful dialogue with the accused to make sure the person understands the plea and the consequences of having the plea on his/her record. The Judge's explanation includes the consequences of subsequent convictions and the effect of the various pleas that can be made. An entry is typed by the Judge or the Judge's staff along with a waiver of rights form and a dialogue form. Once the plea is completed the person is escorted to the Clerk's office to calculate the financial obligations owed and then escorted to the Community Control Department to discuss what obligations the person has with regard to programs, assessments and/or probation depending on the orders of the court. Persons charged with repeat offenses are mandated by law to obtain an assessment and follow through with the Community Control Department with treatment and/or programs.
 6. If there was not a pre-conviction immobilization – on certain repeat OVI offenses there is either a mandatory immobilization period or a forfeiture of the vehicle if titled in the name of the offender at the time of the offense. A mandatory immobilization must be effectuated by the bailiff with similar steps as the pre-conviction immobilization. If there is the possibility of forfeiture then a separate hearing must be scheduled. With a mandatory immobilization the law now provides that if a household or family member relies on the vehicle subject to immobilization, that the household or family member may petition the court for a waiver of the immobilization. If the person files a petition another hearing is scheduled on that request.
 7. The Community Control Department then follows the person through their treatment course and/or required programming and also monitors the persons' compliance with probation and monitors them for repeat offenses. If there is a violation, then proceedings are initiated for the alleged violation. If the person does not pay their fine and costs at the time of the plea then the Community Control Department monitors compliance.

Another example of a high maintenance case includes domestic violence cases. In many domestic violence cases the person is held – by law – without bond until the person is brought before a Judge. In a great percentage of cases there is a request made for a protection order (an order prohibiting the accused from having contact with the alleged victim and/or family members of the alleged victim.) Before the issuance of a Protection Order information from the Prosecutor and sometimes the Community Control Department and from other sources is required to be reviewed by the Judge and/or a hearing is held to determine whether to issue a protection order. This information and hearing typically takes a minimum of 15 minutes up to 45 minutes. If an order is issued there are several forms that need to be prepared by the court and processed. The Clerk must docket the information and

notify law enforcement of the issuance of the order. Rarely, is a domestic violence case completed until at least 2-4 additional hearings are held. Other examples of high maintenance cases are felony cases and charges of driving under suspension and related charges that have a possible jail sentence as a consequence.

Traffic [excluding OVI]

Included in this category are speeding offenses and other minor misdemeanor offenses such as assured clear distance ahead, stop sign, red light, improper turn signal, and equipment violations such as a missing or burned out license plate light. Also included in this category are crimes involving operating a motor vehicle without a valid license, with no license or while under suspension.

After an 11% increase in traffic filings by the Ohio State Highway Patrol from 2014 to 2015 traffic filings filed by the Ohio State Highway Patrol decreased by 33% in 2016 to 3,056 and to 3,054 in 2017, the lowest number of traffic filings by the Ohio State Highway Patrol since 1994 when there were only 1,502 traffic filings. In 2018 there was a modest increase to 5,420 which was slightly above the 10 year average of 5,326.

Felony Cases

Felony filings: 97 felony filings were made. ***This is lowest number of felony filings since at least 1991 when computerized records began.***

Felony cases can either be initiated in a Municipal Court or the Common Pleas Court. Felony cases filed in the Common Pleas Court are typically a result of an indictment issued by the county grand jury and are not included in this number. Also not included are filings against juveniles. Cases initiated in the Municipal Court are usually a result of a person being charged and/or arrested at or near the time of the alleged incident. When a person is arrested the person is entitled to a speedy hearing⁶ to determine if there is probable cause that a felony has been committed and probable cause that the person accused committed the felony. If probable cause is found the case is “bound over” (transferred) to the Lorain County Court of Common Pleas Grand Jury for consideration of whether an indictment will be issued.

Felony offenses can include OVI⁷ offenses, repeat Domestic Violence offenses and repeat violations of a Protection Order. With regard to felony OVI the law provides that a person who has three prior OVI offenses within the past 10 years or 5 prior OVI offenses within the past 20 years who is again charged with OVI can be charged with a felony offense. The possible penalties for a felony OVI include a maximum fine of \$10,500.00, 5 years in prison, possible lifetime suspension of driving privileges and a forfeiture of the vehicle driven if registered in the offender’s name.

⁶ Within 10 days if incarcerated and within 15 days if not incarcerated.

⁷ OVI stands for Operating a Vehicle while under the Influence of Alcohol or Drugs of Abuse or a combination of them. The terminology has changed over the years. The offense is still commonly referred to as DUI.

With regard to felony Domestic Violence a person charged with causing or attempting to cause actual physical harm to a household or family member with one prior conviction for Domestic Violence or other predicate offense is charged as a 4th degree felony [up to a \$5,000.00 fine and 18 months in prison] and a person charged with causing actual physical harm to a household or family member with two or more prior convictions for Domestic Violence is charged with a 3rd degree felony [up to a \$10,000.00 fine and 5 years in prison]. A person with no prior Domestic Violence history can be charged with a 5th degree felony if accused of causing or attempting to cause physical harm to a family or household member who is pregnant. Also, if a person has a prior conviction of certain other crimes, involving a household or family member, subsequent charges can also be charged as a felony. These crimes include: Negligent Assault, Criminal Damaging, Criminal Mischief and Child Endangering.

OVI Cases

OVI filings: OVI filings have decreased over the past 5 years averaging only 185 filings per year. In 2018 only 175 filings were made. This followed 2017 where only 167 OVI filings were made. ***This was the lowest number of OVI filings since computerized records began in 1991. The average number of filings 1991 to 2012 is 317. The 185 average over the past 5 years represents a 42% decrease in filings from the 22 year average from 1991 to 2012.***

Oberlin statistics appear to be against the statewide trend. According to a recent article in the Beacon Journal⁸drunken and drugged driving arrests climbed last year in Ohio, hitting the highest total in five years. It was the second consecutive year that arrests for operating a vehicle under the influence, commonly known as OVI, rose in the state.

By way of comparison to other local courts and the statewide average of a drop of 9% for municipal courts the following chart shows that the Oberlin Municipal Court OVI case filings have decreased 52.5% from 2008 to 2017:

	2008	2009	2010	2011	2012	2013	2014	2015	2016	2017	%+-
Avon Lake	174	192	188	157	215	191	186	160	147	132	-24%
Elyria	1,269	1,073	962	1,009	1,059	950	938	912	844	947	-25%
Lorain	427	364	648	551	546	352	No Report	366	445	675	+37%
Oberlin	350	314	297	285	247	185	185	193	202	167	-52.5%
Vermilion	188	158	124	137	130	122	110	112	183	155	-17.5%
Statewide	61,786	58,195	52,970	54,760	55,857	53,955	53,625	52,595	52,828	55,725	-9%

[NOTE: The fact that an OVI charge (or any charge for that matter) is filed does not mean the person is guilty or will be convicted. Any statistic that reports arrests or charges-**as opposed to convictions**- should be considered carefully.]

⁸ December 22, 2018 by Rick Armon

Good news and bad news: There is additional good news on the OVI front with regard to recidivism rates. Remarkably, only 8 offenders of the 175 OVI offenders in 2018 are repeat OVI offenders from the Oberlin Municipal Court- a recidivism rate of only 4.5%. Repeat OVI offenders are seen less and less. The vast majorities of the OVI offenders recently seen are 1st offenders and only a few repeat offenders have prior offenses in the Oberlin Municipal Court.

There is also concerning news on the OVI front. Many OVI offenders, which may account for the increased numbers in December, are for “drugged” driving and not classic drinking and driving. Drug usage is up in general and it appears that more drug users are taking to the roads causing hazards for other motorists. This is a sad reality and byproduct of the increasing use of illegal drugs in our communities.

Misdemeanor Cases

Criminal misdemeanor filings: 616 filings were made in 2018. This is the lowest number of filings since 1994.

By way of comparison to other local courts and the statewide average the following chart shows that the Oberlin Municipal Court Misdemeanor case filings for 2008 to 2017:

	2008	2009	2010	2011	2012	2013	2014	2015	2016	2017	%+-
Avon Lake	586	599	652	577	666	764	710	639	594	597	+1.8%
Elyria	4270	3748	2990	3141	3144	3204	3274	3248	3125	2742	-36%
Lorain	3702	3293	3005	3390	3262	2584	NO REPORT	3554	3228	4106	+11%
Oberlin	1118	1165	1136	1005	1038	837	792	955	748	664	-65% (2018)
Vermilion	722	668	484	538	585	494	408	382	459	464	-36%
Statewide	387,322	363,183	352,141	346,775	350,688	343,263	332,458	312,934	305,101	331,042	-14.5%

Criminal misdemeanor cases include misdemeanor assault and domestic violence cases, criminal trespass, disorderly conduct, misdemeanor drug offenses, obstructing official business, criminal damaging, petty theft and passing bad checks [effective 9-30-11 the threshold for a misdemeanor theft, receiving stolen property and passing bad check misdemeanor was increased from \$500.00 to \$1,000.00], possession of marijuana and possession of drug paraphernalia.

Civil Cases

After experiencing a record number of civil filings in 2008 [1,242] civil filings steadily declined over the next several years. There was a decrease in civil cases filed for 2009 [1,077], another decrease in 2010 [1,045] and a further decrease in 2011 to 922 a further decrease to 913 in 2012 and another decrease in 2013 to 716. 2014 was the first increase since 2009. In 2014 809 civil cases were filed. In 2015, the total number of cases filed dropped to 777 and in 2016 another drop to 719. In 2017, the number increased to 840. This past year, the number increased again to 892, the highest number since 2012.

Just as there is high and low maintenance cases in the criminal/traffic division there are certain types of cases in the civil division that demand more attention. These types of cases typically are evictions and small claim cases. Evictions and Small Claim cases also have an element of urgency and pose unique scheduling challenges. For example, the law requires a Small Claim case to be scheduled for hearing no less than 15 but not more than 40 days after filing. As a practical matter 15 days is unrealistic because the defendant must be served with the lawsuit by certified mail. Service and return of certified mail will not typically be accomplished in time to fairly notify a person of the hearing date. In 2018 76 eviction actions were filed compared to 85 in 2017, 95 in 2016 and 127 eviction actions in 2015. There was however a 43% spike in small claim filings as 139 small claim cases were filed compared to 97 small claim cases in 2017 and 98 in 2016 and 124 in 2015.

Jury Trials

In order to keep a current docket and for the efficient operation of the court it is necessary to have jurors available and jury trials scheduled on a regular basis. When a person is charged with a crime that has a possible penalty of a jail sentence or a fine in excess of \$1,000.00 the person is entitled to a jury trial. Also, a person is entitled to a jury trial in any civil case that can result in a money judgment or in certain other cases including an eviction. The court schedules jury trials on most Mondays unless it is a legal holiday.

Jurors are randomly chosen from voting lists. It has been the experience of this Court that the jurors who have served jury duty using this method of selection have taken their duty very seriously and served the community well. Since serving jury duty is an inconvenience for many citizens the court has attempted to minimize this inconvenience. As required by the Ohio Supreme Court the Court has adopted a Jury Management Plan. The Jury Management Plan limits jury duty to a selected juror to no more than four trial dates usually in a one (1) month period that typically consists of initially being called for four consecutive Mondays and serving on no more than two of those dates. The court has implemented a juror information line that informs jurors of the status of upcoming jury trials. We take this opportunity to thank the many citizens who were called for jury duty this past year for their service to this court and to the community. Diana Bizorik, Chief Deputy Clerk in the Civil Department, serves as the Jury Commissioner.

Community Control Department (Probation Department)

Alcohol and/or drug abuse are typically contributing factors for the underlying offense that results in a person being placed on probation. Individuals charged with these offenses are often required to obtain evaluations or assessments and the Community Control Department monitors compliance with the assessment for the benefit of the community at large, the person charged and their families.

The Community Control Department provides various categories of service to the court.⁹ At the end of 2009 the Community Control Department consisted of three full time probation officers. Beginning in 2012 there were only 2 full time probation officers due in part to budget cuts. The position of Court Secretary was eliminated in 2010. The court will continue to utilize interns¹⁰ to assist in the department when available.

The Community Control Department has experienced growth and change since its inception in 2002. Prior to 2002 the court was the only full time court in the County that did not have a Community Control Department. Due to the increase in cases being serviced by the Community Control Department, including the increase in high maintenance cases, a third probation officer was added in November 2008. Many of the functions performed by the Community Control Department are mandated by the law especially in the area of OVI law. Changes in the OVI law are constantly being made. The OVI law requires that almost all OVI

⁹ Intensive Probation Supervision – **When a convicted person is placed on Intensive Probation Supervision she/he is required to maintain frequent contact with the Community Control Department and follow the Standard Conditions of Probation and any other conditions imposed by the court or the Community Control Officer assigned to Defendant’s case.**

Basic Probation Supervision – **When a convicted person is placed on Basic Probation Supervision she/he is required to maintain contact with the Community Control Department in order to comply with any sanctions imposed by the court (e.g. attendance at AA meetings, community service, restitution etc.)**

Monitored Time – **When a convicted person is placed on Monitored Time (prior to 1-1-04 the term used was “good behavior”) she/he is required to lead a law abiding life for a stated period of time. This includes but is not limited to not committing any similar offense, any offense of violence or any alcohol related offense if alcohol was a contributing factor to the offense(s) that gave rise to the filing of the charges in the case.**

Diversion Cases – **In certain types of cases (e.g. Underage Consumption) the law permits the court to place an offender into a diversion program with the opportunity to complete a program and have the charges filed dismissed. The Community Control Department monitors compliance with the terms and conditions of the diversion programs. The Community Control Department also screens candidates and makes recommendations to the court regarding whether an offender qualifies for diversion.**

Court Supervised Release – **In any pending charge where jail is a possible penalty the court may set conditions on the bond of an accused. The court may pursuant to Criminal Rule 46: (1) Place the person in the custody of a designated person or organization agreeing to supervise the person;(2) Place restrictions on the travel, association, or place of abode of the person during the period of release;(3) Place the person under a house arrest or work release program;(4) Regulate or prohibit the person's contact with the victim;(5) Regulate the person's contact with witnesses or others associated with the case upon proof of the likelihood that the person will threaten, harass, cause injury, or seek to intimidate those persons;(6) Require a person who is charged with an offense that is alcohol or drug related, and who appears to need treatment, to attend treatment while on bail;(7) Any other constitutional condition considered reasonably necessary to ensure appearance or public safety. In certain cases the court evaluates a person’s record when they appear for arraignment on an alcohol related offense and if the court determines that it is necessary for public safety and/or a person appears to need treatment the court places conditions on the person’s bond including obtaining an alcohol assessment and reporting to the Community Control Department.**

Seal Record Hearings – **When a person applies to have their record sealed the Community Control Department does a records search to see if there are any pending cases and whether the person is eligible for the sealing of their record.**

¹⁰ The court has utilized interns from Tiffin University, Miami of Ohio University, University of Toledo, Lorain County Community College and Ashland University.

offenders must be placed on some form of probation. 1st offenders are required to either serve 3 days in jail or in the alternative to attend a 3 day Driver Intervention Program. Very seldom does a first offender serve jail. Instead they are urged to attend the 3 day program. At the program an assessment is made for any alcohol issue and the 1st offender then follows through with any recommendations through the Community Control Department. For second and third offenders the law mandates an assessment and treatment as follows:

[2nd Offense OVI] The offender is placed on Intensive Probation Supervision. The offender is required to maintain frequent contact with the Community Control Department and follow the Standard Conditions of Probation and any other conditions imposed by the court or the Community Control Officer assigned to offender's case. Under the law the offender must be assessed by an alcohol and drug treatment program that is authorized by section 3793.02 of the Revised Code and must follow the treatment recommendations of the program. The purpose of the assessment is to determine the degree of the offender's alcohol usage and to determine whether or not treatment is warranted. The program is required to submit the results of the assessment to the court, including all treatment recommendations and clinical diagnoses related to alcohol use.

[3rd Offense OVI] The offender is placed on Intensive Probation Supervision for an initial period of 12 months. The offender is required to maintain frequent contact with the Community Control Department and follow the Standard Conditions of Probation and any other conditions imposed by the court or the Community Control Officer assigned to offender's case. Under the law the offender must participate in an alcohol and drug addiction program authorized by section 3793.02 of the Revised Code and shall follow the treatment recommendations of the program. The operator of the program must determine and assess the degree of the offender's alcohol dependency and make recommendations for treatment. The program must submit the results of the assessment to the court, including all treatment recommendations and clinical diagnoses related to alcohol use.

The law also requires that certain repeat offenders be monitored using electronic monitoring devices as a condition of probation and/or have an ignition interlock device installed as a condition of obtaining driving privileges. The court also requires monitoring of other offenders who have a significant and/or history of alcohol related offenses that appear to create a safety risk to the community and/or themselves.

The Community Control Department no longer administers payment plans for offenders who cannot immediately pay their fine and costs. Due to budget cuts the court has found it necessary to change its procedures with regard to the payment of fine and costs. Due to the elimination of one of the probation officers the procedure now being followed is:

1. If a person cannot pay their fine and costs in full the person is given time to pay and a review date. For example, if a person's case is finished on January 3, 2016 and they need 90 days to pay fine and costs they are given 90 days and a review date in the beginning of April.
2. If the person cannot pay their fine and costs by the Review date they are required to appear in person at the court and complete a form explaining why they were not able to pay their fine and costs and their plan or request for additional time to pay. The Judge will review the request and determine how much additional time, if any, the person will be given or if some other action may be taken (e.g. community service in lieu of fine and costs etc.).
3. If the person fails to pay and fails to appear for the review hearing then one of or a combination of the following consequences will occur [The consequences are explained to the person at the time they are given time to pay]:
 - (a) If the case is a traffic case the person's driver's license will be suspended for non-payment of a fine.
 - (b) The matter may be turned over to a collection agency.

The court does not presently have the staff to administer payment plans.

The Community Control Department also handles investigations for and administers Diversion programs. Certain non-violent 1st time offenders are offered an opportunity to complete a diversion program in lieu of conviction of a crime. The diversion programs usually include the performance of community service, writing a paper, attending an awareness program related to the offense and leading a law abiding life during the period of the program.

The Community Control Department also has the duty of presenting most probation violations in open court and making recommendations with regard to probation violations. For contested probation violations the Community Control Department may request the assistance of the prosecutor's office for the agency that charged the underlying offense.

The information below provides the active number of cases in various categories of probation and the cases initiated or added during calendar year 2018 in each category:

Category	Active 12/31/15	Added 2015	Active 12/31/16	Added 2016	Active 12/31/17	Added 2017	Active 2018	Added 2018
Intensive Supervised	124	103	126	92	113	55	108	59
Basic	157	251	140	220	118	182	81	176
Community Service	45		32	21	29	19	39	33
Court Supervised Release	54	179	30	214	36	128	37	184
Presentence Investigation	29	191	17	174	21	134	20	167
Diversion	25	38	22	42	9	18	9	27
Lorain County Adult Probation	10	1	5	0	10	5	2	9
Seal Records	6	Not Available	7	Not Available	4	11	Not Available	Not Available

Efforts have been made to fund the department so that it does not become a burden on the general operating fund of the court. The Community Control Department is funded in part through the collection of Supervision Fees that are permitted by law. In 2018 the sum of \$ 63,925.17 was collected for Court Supervision Fees.

There is no dedicated space in the building for a probation department. Finding space for the probation department has been a challenge. Although this remains an obstacle to the expansion and proper operation of the department the court remains committed to the continued improvement of this valuable part of the administration of justice in the Oberlin Municipal Court.

2018 Bailiff Report¹¹

The Oberlin Municipal Court employs 1 full time bailiff and 4 part time deputy bailiffs who serve as security officers. They are responsible for the safety and security of the courthouse as well as the Judge, employees, and visitors. This is accomplished by operating and maintaining the metal detector at the main entrance, maintenance and upkeep of the panic alarm systems and the training of employees of emergency procedures. This year, an emergency procedures flip book was published and distributed to all court employees and they received training in its use and contents.

Other responsibilities of the Bailiff include the service of summons, subpoenas, writs and execution of Writ of Restitution (*fig. 1*). As of December 31st, 2018,

¹¹ Report submitted by Chief Bailiff Joe Davidson

there were 501 court issued papers and orders requiring service to persons within the Lorain County area. The three types of service are Personal Service (128), Residential (98), and Posting (195). Service requires the Bailiff to contact the person by either by personally handing him (or her) the paper to be served (Personal Service), leaving the paper with an adult or other responsible person at the listed address (Residential Service), or posting the paper in a conspicuous place, usually on the front door after unsuccessful personal or residential service (Posting Service) (*fig. 2*). In 12 instances, persons were not able to be served and were documented. The most common cause of being unable to make service of any type was contact made at the listed address, but the subject had moved and did not leave a forwarding address.

The Bailiff uses a 2011 Ford Fusion to carry out his duties. A total of 4,313 miles were driven and \$2,560.66 in mileage fees were charged (*fig.3*). This year, in an effort to be more efficient by saving time and resources, service to certain subjects were made by email. This process involved the Bailiff making contact with the person by phone and verifying his email address. The subpoena would then be scanned and emailed to the person with a request of a return email verifying receipt. This process saves the time and resources of the Bailiff by allowing him to stay at the court continuing his duties while making service of papers. This process was well received by the individuals and with the exception of one instance, all replies were received. There were 75 subpoenas that service was made by email, accounting for 15% of all papers served.

Budget Issues

Court Costs and Fines Paid to City of Oberlin

Collections in 2015 were \$755,939.30. In 2016 collection dropped to \$646,589.58. In 2017 collections were up slightly to \$665,005.62 and in 2018 another increase to \$710,721.85. Still court costs and fines paid to the City of Oberlin in 2018 were \$45,217.45 less than 2015.

The decreases are predictable based on the historically low level of overall filings. For the third year in a row almost all categories of filings were down and in many categories the lowest in recorded history. The trend of lower case filings has continued into January 2019.

A drop in any single category affects the revenue of the court but a drop in every major category during the past two calendar years has created challenges. Since it cannot be predicted if these past two years is just aberrational or whether this is a trend in any single category drastic changes are not recommended but still need to be cognizant of the decrease in revenue and how it may affect both the operation of the court and the impact on the funding authority.

Expenses

The court has always operated within its budget using a conservative budget philosophy and has operated under budget since at least 2002. In 2018 the projected budget for the court was \$828,649.49. The actual expenditures were \$716,575.45 which is \$17,598.82 less than 2017 and the lowest actual expenses have been since 2008.¹² Had revenue matched or exceeded revenue in 2015 the expenses would have been more than covered.

The judiciary is a separate branch of the government. As such, the Judge has a duty to provide staff and resources to provide for the fair and impartial administration of justice. A Judge is prohibited from being pressured from funding authorities to follow the priorities of the funding authority rather than be guided by the court's own priorities. Case law has consistently recognized that local funding authorities cannot substitute their own spending priorities for those of the court when it comes to how the court should be operated.¹³ The authority to operate the court and make determinations as to the appropriate level of funding needed to operate the court, are decisions that are within the exclusive authority of the courts. These are matters about which the courts have the constitutional obligation to protect and preserve from interference from another branch or level of government. These principles are at the heart of the separation of powers framework endorsed by the Founding Fathers in the Federalist Papers, and evident in Federalist Paper #52:

“In order to lay a due foundation for that separate and distinct exercise of the different powers of government, which to a certain extent, is admitted on all hands to be essential to the preservation of liberty, it is evident that each department [branch of government] should have a will of its own The great security against a gradual concentration of the several powers in the same department [branch of government], consists in giving to those who administer each department, the necessary constitutional means, and personal motives, to resist encroachments of the others Ambition must be made to counteract ambition. (Federalist #52)”

The concern regarding the judicial function is under scrutiny. On January 29, 2018 Chief Justice O'Connor sent a letter to all judges in the State **emphasizing the court's function is not to generate revenue:**

¹² This amount does not include the sum of \$9,034.50 which is the cost of visiting or retired judge expense paid by the County. The County requires that the City pay the expense and wait for re-imburement. This is a book entry only and does not reflect an expense to the City.

¹³ In *State ex rel Johnston v. Taulbee*, 66 Ohio St. 2d 417 (1981), the court directed that the Ohio general assembly may not expand the discretion that local funding authorities have over court funding. The court said that it was unconstitutional for the legislature to encroach on the judicial authority to determine the court's funding needs and to impede the judiciary in the administration of justice. To grant the county commissioners the “power of the purse” over judicial administration, “unconstitutionally restricts and impedes the judiciary in complete contradiction of rudimentary democratic principles.” Also see *State ex rel Weaver v. Lake County Board of Commissioners* (1991), *State ex rel Donaldson v. Alfred* (1993), *State ex rel Wilke v. Hamilton County* (2000), *State ex rel Pike v. Hoppel, Board of Commissioners of Columbiana County* (2000), *State ex rel Maloney v. Sherlock* (2003)

“I know the pressure that many of you face to generate revenue, to increase collection rates, to “self-fund” as if the courts are a business trading in a commodity. But court cases are not business transactions. We do not buy and sell a commodity; we perform a public service. Nevertheless, focus on the “business” of the courts appears at times to be overtaking interest in our fundamental responsibility to do justice.”

And after reviewing an audit report last year concerning a municipal court in this state, the Chief Justice became so concerned about the emphasis on the “business of the court” that Chief Justice O’Connor wrote directly to the State Auditor David Yost expressing her “deep distress”:

“Finally, the overall tone of the audit report is troublesome because of the underlying assumption that court fines and fees are merely opportunities for revenue enhancement. . . . Pressure that courts self-fund can create a system of justice that is premised on a “pay-as-you-go” model, not the principle that courts and the administration of justice are a fundamental and general obligation of government. If the existence of a court is dependent upon self-funding, we run the danger of creating a system of built-in incentives for courts to use judicial power for self-preservation not the promotion of justice for all. . . . Judges and court staff cannot be seen as collection agents. Whether courts contribute to a city’s bottom line or generate sufficient cash flow for its own operations should not be even a secondary thought considering the role of the judiciary in our system of government.”

Shortly after receiving the Chief Justice’s letter, Auditor Yost contacted the Chief Justice emphasizing his support for the principle that the courts’ fundamental and unquestionable responsibility is to ensure that justice is done and that we should not be expected to engage in practices designed to maximize revenue by taking advantage of our citizens or ignoring basic constitutional standards. Auditor Yost committed to the Chief Justice that he would begin a program of educating his auditor staff and contract auditors to consider the appropriate role of the judiciary in any review.

Notwithstanding, the court is not insensitive to the needs and concerns of the City and continues to address the needs and concerns of the City with regard to the Budget, as it has with past budgeting. Although the past three years court revenues were down the court has over the years been mainly in the black. Over the years the court has been able to comply with constitutional and statutory duties while not becoming a financial burden to the good citizens of the territories of the Oberlin Municipal Court. Whether this trend continues will be dictated by the number and

types of cases filed in the coming years. There are limited steps that have been and can be taken to attempt to keep revenues in excess of expenses without compromising the administration of justice.

Some of the steps that have been taken over the years include:

1. Wages of the Judges immediate staff (i.e. the bailiffs, court security and the Chief Probation Officer) were frozen from 2011-2013.
2. Local court costs have been raised over the past several years to pay for rising employment costs and rising operating expenses (e.g. postage rates has risen significantly over the past 10 years – Postage is approximately 30% of the court’s non-employee cost operating budget.)
3. The Judge has assumed all duties of the Magistrate. Pursuant to the Ohio Revised Code 40% of the Magistrate’s position was paid by the County. The County realized an immediate savings of \$4,800.00 per year for calendar years 2002 and 2003 and a savings of \$9,600.00 per year for the calendar years 2004-2018 for a total savings of \$153,600.00 since January 2002 [not including increases in the Magistrate’s salary]. The City has not had a Magistrate expense for the past 14 years (\$14,400.00 per year for fourteen years or \$201,600.00) and \$7,200.00 per year for 2002 and 2003 for a total of \$216,000.00. The savings to County and City since 2002 is almost \$370,000.00 plus approximately \$70,963.2 in payroll expenses (PERS 14%, BWC .037, Medicare .015) **for a grand total savings of \$440,563.20.**¹⁴
4. A separate court cost was implemented to cover the cost of a needed security guard position. Oberlin Municipal Court was the last court in the County, including part-time courts, to add a metal detection device for security purposes. Rather than burden the City with the cost or require a City of Oberlin Police officer to staff the metal detector (which is permitted by the Ohio Revised Code) the court added a \$4.00 per case court cost to defray this expense.
5. A separate court cost of \$3.00 per case was implemented and probationers have been charged a court supervision fee in order to fund the operation of the probation (community control) department. In 2018 the sum of \$ 63,925.17 was

¹⁴ The Magistrate was being paid \$24,000.00 per year to work ½ day per week. One of the first changes made upon taking the bench in 2002 was to cut the salary in half to \$12,000.00 and then the position was phased out and eliminated.

collected to contribute to funding the operation of the probation department.

6. Pursuant to the Ohio Revised Code a Judge is entitled to 30 days per year vacation. Over the past 17 years the average vacation days taken most years have been between 8 and 10. When a Judge is gone typically a Retired Judge or Acting Judge performs the duties of Judge. The State pays a portion of the cost. The total cost to have a Retired Judge sit is presently \$506.50 per day. If the Judge would take the 30 days plus the Judge's mandatory CLE days the total could be as high as 36 days per year or over \$18,000.00 per year. There has not been a year since 2002 where the Judge took more than 10 days total for vacation time saving the City, County and State over \$175,000.000 in retired judge expense.

These measures have been taken over the years to keep the court's fiscal house in order and permit the court to provide the necessary services mandated by law without over burdening the funding authority. In any event, the court remains sensitive to the concerns of the City. For example, in 2012 restructured the operation of the court in response to the City's request to reduce the court's operating budget including the following:

1. **Elimination of position.** The position of assistant probation officer that was added in November 2008 was eliminated in 2012.
2. **The position of Security Officer was restructured.** With the retirement of Martin Mahony in 2010, the court decided not to replace him with a similar paid position. Instead, the court has filled his hours with the part-time security officers presently at the court at the present wages that they are paid. The wages of the part-time security officers are less than the wages being paid to Officer Mahony resulting in a savings to the court.
3. **Magistrate.** The court continues to operate without a Magistrate.
4. **Salaries - general.** All salaries were frozen from 2011- 2013. The past three years most employees did receive a small raise.

Budget Adjustments based on lower caseload and lower revenue

Lower case filings are good news and bad news. For example, the lower number of OVI filings may signal less persons on the road driving impaired. The number of repeat offenders has decreased significantly over the past several years which may account for much of the drop. However, with lower case filings comes less revenue for the court. In reviewing the monthly reports of filing of cases and revenue collections it was noted that both filings and collections were sliding downward. In an attempt to close the gap with regard to revenue and expenses

court costs were adjusted [not raised] transferring costs collected for the court's capital fund to general operating costs. Depending on the number of filings in the coming months this may or may not be sufficient to close the gap.

The court has taken measures in an effort to maintain the level of services provided while not overburdening the funding authority. The following analysis may assist in understanding the dilemma and possible solutions.

Historically the court has been funded mainly by assessing court costs. Our goal is to keep costs at a reasonable level to maintain staffing levels to maintain the present level of services without burdening the funding authority. The funding authority is the City of Oberlin. If court costs equal or exceed the expenses to operate the court then the funding authority does not have to pay anything to operate the court.

As set forth above filings in almost every category are at historically low levels. Why is this happening? We do not know. We would only be speculating. The fact is that it is happening and we cannot ignore this. Our work can be compared to an assembly line. We the workers have no control over how many cases or the type of cases are filed. The fewer products [tickets and complaints] that are placed on the assembly line theoretically the fewer workers are needed.

Because we value our employees and are concerned about them and because we do not know whether the downward trend will continue we must tread carefully in deciding whether to make adjustments in staffing. Weighing and balancing these concerns the following action has been taken:

1. A part-time Clerk who resigned in the fall of 2016 was not replaced. Whether a replacement will be hired will depend on caseload and other needs of the court.
2. A full-time Clerk resigned in September 2017. That position has not been replaced and also will depend on caseload and other needs of the court.
3. A part-time bailiff/security officer has been indefinitely laid off. Responsibilities of other staff members have been re-arranged to fill the duties.

Further layoffs would begin with part-time staff and an attempt to keep all full-time employees with benefits would be made provided the workload justifies the staff. The court could also consider other options such as temporary furlough of full-time employees while the situation is monitored.

Can't costs be cut elsewhere? 92% of expenses in 2018 were employee wages and expenses. Over the years the court has cut almost every area that can be cut. The court has been very frugal while maintaining current staff levels. The budget is lean in every category. The only costs to cut to bridge the gap may be employment costs.

Can't court costs be raised to make up the difference? Sometimes people come up to a judge and say: "You can do whatever you want to do because you are the Judge." Of course, this is not true. Any judge that believes that should step off the bench and seek another position. Court costs could be raised to fund the

operations of the court but we cannot [should not] increase costs just because we are running a deficit. Periodic increases in court costs are justified to keep up with inflation and other costs beyond the control of the court but to increase costs because the case filings have decreased may not be justifiable. An increase might be justified at this time but not in an amount that would make up the difference. The court would consider an increase based on increased costs but not based upon the decrease in filings and the corresponding revenue decrease.

What about increasing fines? Fines are supposed to be assessed as a penalty and to encourage a person to make better decisions. The court would not reduce fines if the court was in a positive revenue position and it would be inappropriate to increase fines in a revenue deficit position. Case filings and revenue will continue to be monitored and appropriate decisions will be made considering all relevant circumstances.

Changes in the Law affecting Municipal Court Operations

1. OVI Changes

Effective April 6, 2017 the law was changed with regard to repeat OVI offenders. Some of the significant changes includes:

- (a) The “look back” period for enhancing mandatory penalties. The previous “look back” period was six (6) years. It is now ten (10) years.
- (b) Increased the mandatory license suspension from 6 months – 1 year up to 3 years for a 1st offense in 10 years.

2. Small Claim Jurisdiction

Effective September 2016 - Small Claim Jurisdiction increased from \$3,000.00 from \$6,000.00.

Media Relations and Transparency

The court makes every effort to be transparent in order to promote confidence in the justice system. Open court hearings comply with the 1st Amendment requirement of public trials. See *State ex rel. The Repository, Div. of Thompson Newspapers, Inc. v. Unger* (1986)28 Ohio St.3d 418 where the court held: “Thus, although the orders that were issued by the judges in the underlying cases did not arise at trial but instead occurred at pretrial hearings, we see no reason under the Ohio Constitution to differentiate between the public's right to attend pretrial proceedings and its right to attend trials. Therefore we hold that the right to a public trial pursuant to the United States and Ohio Constitutions extends to pretrial proceedings.” For this reason, all hearings involving the judge are held in open court.

The 1st Amendment to the Constitution of the United States of America prohibits the making of any law infringing on the freedom of the press. For the most part newspapers are free to print whatever they please [within certain limits] with regard to their perception of the truth. Sometimes newspapers print stories about court cases based on information that is received from sources that cannot be

verified by actual court records or the docket and understandably articles written from these other unofficial sources may result in news articles that are inconsistent with the “truth of the case” but may well be justified under the newspapers 1st Amendment rights.

In the Oberlin Municipal Court we try our best to be completely transparent and provide truthful and accurate accounts of proceedings in all cases to avoid the dissemination of misinformation by the media. Misinformation is harmful to the participants in the case and to the general public. Misinformation regarding legal proceedings also directly affects the quality of life of community members with regard to their confidence in the justice system and having accurate and truthful information to form an opinion as to the state of affairs of the justice system and accountability of elected officials in the justice system. In cases of public interest we take extra care to make sure that the media is provided accurate information anticipating that there may be a news report of the court proceedings.

There are many good and positive things that happen in our judicial system in Lorain County, Ohio including in the Oberlin Municipal Court. Some of the recent positives include:

- 1. Court saves citizens over six hundred thousand dollars (\$600,000.00) by eliminating the position of Magistrate; limiting vacation days**

The Judge has assumed all duties of the Magistrate. Pursuant to the Ohio Revised Code 40% of the Magistrate’s position was paid by the County. The County realized an immediate savings of \$4,800.00 per year for calendar years 2002 and 2003 and a savings of \$9,600.00 per year for the calendar years 2004-2018 for a total savings of \$153,600.00 since January 2002 [not including increases in the Magistrate’s salary]. The City has not had a Magistrate expense for the past 14 years (\$14,400.00 per year for fourteen years or \$201,600.00) and \$7,200.00 per year for 2002 and 2003 for a total of \$216,000.00. The savings to County and City since 2002 is almost \$370,000.00 plus approximately \$70,963.2 in payroll expenses (PERS 14%, BWC .037, Medicare .015) **for a grand total savings of \$440,563.20.**

Pursuant to the Ohio Revised Code a Judge is entitled to 30 days per year vacation. Over the past 17 years the average vacation days taken have been between 8 and 10. When a Judge is gone typically a Retired Judge or Acting Judge performs the duties of Judge. The State pays a portion of the cost. The total cost to have a Retired Judge sit was \$528.60 per day in 2018. If the Judge would take the 30 days plus the Judge’s mandatory CLE days the total could be as high as 36 days per year or over \$19,000.00 per year. There has not been a year since 2002 where the Judge took more than 10 days total for vacation time saving the City, County and State over \$175,000.000 in retired judge expense.

Judges, unlike most other employees, do not accumulate unused vacation days. Vacation days for judges are “use it or lose it.” Therefore, the citizens will never have to pay the money saved when a judge does not take all of the allotted vacation days. When a judge does not take all of the allotted vacation days the citizens receive an economic benefit. Most judges in the State of Ohio probably do not take all 30 days.

2. OVI cases drop to lowest level in decades

OVI filings: OVI filings have decreased over the past 5 years averaging only 185 filings per year. In 2017 only 167 OVI filings were made. *This is the lowest number of OVI filings since computerized records began in 1991. The previous 22 years’ average was 317. The 167 OVI filings represent a 47% decrease in filings from the 22 year average from 1991 to 2012.*

3. Criminal misdemeanor and Felony cases drop to lowest level in decades

Felony filings: 97 felony filings were made. *This is lowest number of felony filings since at least 1991 when computerized records began. Criminal misdemeanor filings: 616 filings were made. This is the lowest number of filings since 1994.*

4. Pretrial process transparent in Oberlin Municipal Court

A common criticism about the justice system is that much of what happens in the justice system is decided behind closed doors. In the Oberlin Municipal Court no adversarial proceedings in which the judge is involved are made behind closed doors. Each discussion involving the judge is held in open court to foster transparency. Open court hearings comply with the 1st Amendment requirement of public trials. See *State ex rel. The Repository, Div. of Thompson Newspapers, Inc. v. Unger* (1986)28 Ohio St.3d 418 where the court held: “Thus, although the orders that were issued by the judges in the underlying cases did not arise at trial but instead occurred at pretrial hearings, we see no reason under the Ohio Constitution to differentiate between the public's right to attend pretrial proceedings and its right to attend trials. Therefore we hold that the right to a public trial pursuant to the United States and Ohio Constitutions extends to pretrial proceedings.”

This information – and more- is readily available for dissemination to the good citizens of our community to give them confidence in the justice system and their elected officials and feel positive about the community in which they live. Sometimes information disseminated about the justice system and public officials involves reporting of discouraging news, giving the distorted impression that all is

wrong with the judicial system and elected officials. Reporting good news and accurate news is always appreciated.¹⁵

5. Interpreter Services

Access to justice is one of the primary duties of the judicial branch of government. The Ohio Supreme Court of Ohio has established a Language Services Program to assist persons with language barriers access to the justice system. As a part of the Supreme Court's efforts the court has provided a service available to all 369 trial courts in the State of Ohio that provides access to a translator by telephone. The service is called "Language Line" and is provided at no cost to the individual courts. In 2015 the Oberlin Municipal Court ranked 5th out of 164 Municipal Courts and 8th overall out of the 369 trial courts in providing access to persons with language barriers using the Language Line service. Some of the languages included were Spanish, Mandarin and Tigrinya¹⁶ and Mongolian.

In 2016 the Oberlin Municipal Court ranked 6th out of 164 Municipal courts and 10th overall out of the 369 trial courts in providing access to persons with language barriers using the Language Line service.

In 2017 the Oberlin Municipal Court ranked 7th out of 164 Municipal courts and 12th overall out of 369 trial courts in providing access to persons with language barriers using the Language Line service.

In 2018 the Oberlin Municipal Court ranked 9th out of 164 Municipal courts and 17th overall out of 369 trial courts in providing access to persons with language barriers using the Language Line service.

Conclusion

Thank you for the opportunity to continue to serve as Judge of the Oberlin Municipal Court. It is a position that I truly enjoy and consider it an honor and a privilege to serve. We will continue our endeavor toward improving the operation of the court and building confidence in our justice system to better serve both the community and the participants in the proceedings.

¹⁵ The Society of Professional Journalist Code of Ethics is instructive. The preamble provides that public enlightenment is the forerunner of justice and the foundation of democracy. Ethical journalism strives to ensure the free exchange of information that is accurate, fair and thorough. An ethical journalist acts with integrity. The Society declares four principles as the foundation of ethical journalism and encourages their use in its practice by all people in all media. These principles are: 1. Seek Truth and Report it. 2. Minimize Harm 3. Act Independently 4. Be accountable and transparent including acknowledgement of mistakes and correcting them promptly and prominently. The code acknowledges that the code is unenforceable due to the 1st Amendment.

¹⁶ **Tigrinya**, often written as **Tigrigna** *ጥጥር^[3]* (ጥጥር *Tigrīñā*) is a member of the Semitic branch of the Afroasiatic languages. It is spoken by ethnic Tigray-Tigrinya people in the Horn of Africa. Tigrigna speakers primarily inhabit the Tigray Region in northern Ethiopia (57%), where its speakers are called *Tigrawot* (feminine *Tigrāweyti*, male *Tigraway*, plural *Tegaru*), as well as the contiguous borders of southern and central Eritrea(43%), where speakers are known as the Tigrigna. Tigrigna is also spoken by groups of emigrants from these regions, including some Beta Israel. Source - Wikipedia

	\$734,534.27	\$716,575.45
	NOTE: Totals do not include the sum of \$6,571.20 in 2017 and \$9,034.50 in 2018 which appears on the Court's Monthly Expenditure worksheets under the category "Visiting Judge Salaries - County" This is clearly not an expense of the Court and is an expense of the County and State of Ohio. It is used for accounting purposes only. It is in the nature of an advance or loan to the County and State. In past years the County Auditor paid the Visiting Judges directly	Recently, the County Auditor has requested that the City of Oberlin advance these funds and pay the Visiting Judge and await reimbursement from the County and State. The court was not in agreement with this procedure because it wrongly reflects an expense of the court that does not exist. Since the court does not consider this an expense of the court it should not be included in the cost of operation of the court.

SPECIAL FUNDS

Summary

The court has five special funds that have been established. These funds are held by the City for the uses and purposes set forth by statute.

Indigent Alcohol Fund

The Indigent Alcohol Fund is a statutory fund. Subsection (N) of R.C. Section 4511.191 creates the juvenile, county and municipal Court's Indigent Drivers Alcohol Treatment Funds. Section 4511.19(L) provides that the court may order the use of these funds for payment of the cost of the attendance at an alcohol and drug addiction treatment program of a person who is convicted of an OVI offense and who is determined by the court to be unable to pay the cost of attendance at the treatment program.

As of December 31, 2018 the sum of \$13,542.00 was in the fund. Deposits for the year totaled \$16,441.19. Expenditures for the year totaled \$23,539.00.

Ignition Drivers Interlock and Alcohol Monitoring Fund

Pursuant to RC 4511.19(G)(5)(e) and RC 1901.26 for offenses committed on or after September 30, 2008 the Court has established a Special Projects Fund called the Indigent Drivers Interlock and Alcohol Monitoring Fund. Fifty dollars of the fine imposed for certain repeat OVI offenders¹ are to be deposited into this fund and are used exclusively to cover the cost of immobilizing or disabling devices, including certified ignition interlock devices, and remote alcohol monitoring devices for indigent offenders who are required by a judge to use either of these devices. The fund balance as of December 31, 2017 was \$74,680.20. Deposits for the year totaled \$11,085.66 and expenditures totaled \$7,199.20.

Court Computer Fund and Clerk of Court Computer Fund

These two funds were previously combined and called the Court Equipment Replacement Fund also referred to as the court's Computer Fund. The fund is used to update the court and clerk's computer systems, both hardware and software. Prior to August 1, 2002 the sum of \$2.00 per case was assessed as court costs to maintain this fund. During 2002 the court determined that substantial improvements were needed to the court's computer systems. As a result, the amount per case assessed as court costs was increased to \$10.00 per case as of August 1, 2002. Another adjustment was made effective January 1, 2004. The court costs per case for this fund have been reduced to \$4.00 per case. The reduction in the costs was due in part to the amount of funds that have been accumulated and to allow for an adjustment in court costs for court security and for general costs for the operation of the court. A further reduction to \$2.00 per case was made in April 2005 for the same reasons.

¹ Sections G(1)(a)(iii), G(1)(b)(iii), G(1)(c)(iii), G(1)(d)(iii), and G(1)(e)(iii) of RC 4511.19

As of January 1, 2008 the fund is divided into two separate funds: 1. Court Computerization Fund; and 2. Clerk Computerization Fund. This is a result of the Judge's reading of the section in the Ohio Revised Code that provides for these funds. As of January 1, 2008 the sum of \$5.00 per case was charged in each criminal and traffic case and each civil and small claims case filed for the Clerk Computerization Fund and the sum of \$2.00 per case was be charged for each criminal and traffic case for the Court Computerization Fund. Adjustments were made in 2017 to \$1.00 and \$1.00 to provide additional funds for operating expenses due to lower case filings and lower revenue.

Court Computer Fund: Activity for the fund for 2018 included deposits totaling \$10,768.00 and expenses totaling \$4,220.25. The balance in this fund as of December 31, 2018 is \$60,587.15.

Clerk Computer Fund: Activity for the fund for 2018 included deposits totaling \$31,356.00 and expenses of \$58,894.12. The balance in this fund as of December 31, 2018 is \$135,689.83.

Court Improvement Fund

The Court Improvement Fund was created in 1992. At that time the sum of \$4.00 per case was assessed as court costs to maintain this fund. The amount was increased to \$10.00 per case in 1996. The amount per case was increased to \$14.00 per case in 1999 to fund the remodeling project. Effective August 1, 2002 the amount was adjusted downward to \$10.00 per case to allow an increase in the amount charged for the Court Equipment Replacement fund in anticipation of the costs to update the existing server and other computer related costs.

As of January 1, 2008 a cost of \$15.00 per criminal and traffic case and \$15.00 per civil and Small Claims has been charged for the following reasons:

Pursuant to RC 1901.26 the court has determined that for the efficient operation of the court, additional funds are necessary to acquire and pay for special projects of the court including, but not limited to, the acquisition of additional facilities or the rehabilitation of existing facilities, the acquisition or replacement of a bailiff's vehicle, the acquisition of fixtures and the acquisition of security devices, monitoring equipment for the probation department to enforce the orders of the court and other equipment.

As of September 1, 2016 the court costs for this fund were reduced to \$2.00 per criminal and traffic case. The court determined that there was a need to increase the general court costs due to the fact that an increase in the general costs had not been increased since 2010. Rather than increasing overall costs an adjustment was made.

The balance as of December 31, 2018 is \$886,134.31. Deposits for the year totaled \$40,156.52 and expenditures \$-0-.
