

Oberlin Municipal Court
OBERLIN, OHIO
ANNUAL REPORT

(For the period January 1, 2021 through December 31, 2021)

Selected Quotes

“To us this may be just another day at the office. For the participants it is perhaps the single most important event in their life. Endeavor to treat every case with the utmost care and attention whether a simple traffic violation or a serious allegation of wrongdoing, whether a small claim or a claim for the maximum monetary jurisdiction of this Court.”

Thomas A. Januzzi,
Judge Oberlin
Municipal Court

“This is not any angry Place. We are not angry with you and you should not be angry with us.

Please treat the staff with respect. They are just nice people doing their job.”

Thomas A. Januzzi,
Judge Oberlin
Municipal Court

“If there are pieces of your past that are weighing you down, it’s time to leave them behind. You are not what has happened to you. You are someone unimaginably greater than you have ever considered, and maybe it’s time to consider all the possibilities that are within you.”

Matthew Kelley

“There is no right way to do something wrong”

Anonymous

“What is right is not always easy and what is easy is hardly ever right, but the right choice today will improve your life tomorrow. Take control of your life. Choose wisely.

Michael Josephson

JUDGE’S COMMENTS-2021
[YEAR TWO OF THE COVID-19 PANDEMIC]

Preface – The COVID-19 Pandemic continues

2021 marked year two of the COVID-19 pandemic. During the past two years the pandemic has affected the operation of the court including:

1. In March of 2020 much of the State of Ohio was shut down and people were encouraged to work from home if possible. The effects of the COVID-19 virus on human beings was [and remains] a mystery, e.g. how its spreads, how contagious it is, symptoms – or lack of symptoms, lasting effects of the virus etc. As a result, fewer vehicles are on the road and some law enforcement officers curtailed their discretionary encounters with the public to avoid unnecessary interaction with the public to avoid spread of the virus. As a result the volume of cases for low maintenance traffic offenses diminished to unprecedented lows negatively affecting the revenue of the court. The trend has continued into 2021 as the pandemic refuses to yield and in fact has entered its “fourth wave” on the strength of two variants, the Delta and the Omicron variants. The “fourth wave” continues into 2022 with record numbers of Americans testing positive daily in January 2022. Lorain County has been hit very hard and has the highest rate of positive tests statewide in January, 2022.
2. Modifications and changes were made to the court facility including the following:
 - (a) Plexiglas barriers were added to the courtroom in the jury box, witness box, trial tables and the bench.
 - (b) Distancing of seating was accomplished by marking a distance of at least 6 feet between seats and labeling the seats.
 - (c) Plexiglas was installed at the security entrance.
 - (d) Plexiglas shields were installed in the offices of the judicial assistant, the probation office and the attorney-client visitation room.
 - (e) Seating was re-arranged in the court lobby by the removal of the existing bench seating and replacing the seating with individual chairs distanced at least 6 feet apart.
 - (f) Plexiglas barriers were installed in the Clerk of Court office between work stations.
3. By directive of the Chief Justice of the Ohio Supreme Court and out of concern for the staff, the participants, jurors, and other participants in person hearings were limited to those involving only “immediate need”. The “immediate need” standard was set by the Ohio Supreme Court but did not define the term leaving interpretation a local matter. To comply with the directive and for the health and safety of all concerned the court has endeavored to have remote hearings whenever possible either by video or telephonically including videos from the Lorain County

- Correctional Facility. The participants in each case have also been given the opportunity to have input as to whether their matter is one which meets the Supreme Court's undefined "immediate need" standard.
4. In March, April and May of 2020 the staff in the Clerk's office worked split shifts to minimize in person contact between staff members. The Judicial Assistant, Chief Probation Officer and Court Operations Officer [this person serves as back-up assistant to both the Judicial Assistant and the Chief Probation Officer] divided their time between at home assignments and at court assignments. When at home these staff members were at home they still have the ability to communicate using laptops and other technology. For example, the judicial assistant appeared by video for in court hearings to document and prepare documents remotely. The created documents are placed in a shared drive for access by the judge and other staff members. Although the shifts have ended the practice of the judicial assistant remotely working from home has continued to a lesser degree.
 5. In part, by directive of the Governor, the Ohio Supreme Court and the Department of Health, health screening of persons entering the court facility was implemented by creating a new position in 2020 [Health Screener] in the outer lobby. Prior to entering the court facility every person must answer a series of questions that elicit if they are a risk of spread of the virus and if they have a temperature. Any person who is a risk is not permitted to enter the court facility. Persons entering the court facility are required to wear masks and masks are provided for those persons who do not have an appropriate mask prior to entering the facility. In addition to the health screening the persons next must pass through the metal detector for security screening. Upon entering the court facility persons are required to sanitize their hands with sanitizer provided by the court. This practice was continued into 2021.
 6. In the fall of 2020, as expected, a surge of the virus was experienced. Measures were tightened regarding entrance to the court facility. An iPad and stand are available in the outer lobby for persons to appear in court without entering the court facility. The person appears on a screen in the courtroom and there matter can be heard via video thus decreasing the number of persons entering the court facility permitting additional distancing of persons appearing for "immediate need" in person hearings. This practice continued into 2021 and continues into January 2022.
 7. Arraignments for traffic offenses continue to be limited and on some days eliminated by continuing the initial appearances, expanding offenses for which a waiver may be paid and granting extensions to pay waivers by both mail, e-mail and/or telephone contact prior to the date of initial appearance. For person with non-waiver offenses an opportunity to given

to appear by video for their initial appearance for most non-violent offenses, e.g. petty theft, disorderly conduct, etc.

8. Is there an end in sight? As of the writing of this report there is hope on the horizon of the mass production of drugs to treat the effects of the virus. Some postulate that this will end the pandemic as we know it. Time will tell. Regardless of whether the pandemic comes to an end the court intends on continuing to have the vast majority of the docket handled remotely as it seems to not only facilitate a healthy environment for all but also in many cases is efficient, saves time and money for participants and does not harm and in some cases furthers the interest of justice.

Comments

It continues to be a great honor and privilege to serve as Judge of the Oberlin Municipal Court.

The report contains information required by law to be reported to Oberlin City Council and to the Lorain County Commissioners. The report also contains additional information that may be of interest to the general public.

The court was established in 1958. The court has jurisdiction in the following territories located in Lorain County, Ohio: City of Amherst, City of Oberlin, Village of Wellington, Village of South Amherst, Village of Kipton, Village of Rochester and the Townships of Amherst, Brighton, Camden, Henrietta, Huntington, New Russia, Penfield, Pittsfield, Rochester and Wellington.¹

The court was a part-time court until 1990 when the court became a full time court. There have been 3 Judges of the Oberlin Municipal Court. Judge David Goldthorpe served from 1958 to 1975. Judge Martin Heberling served from 1975 to 2001. Judge Thomas Januzzi has served since January 1, 2002 to present.

The court had a part-time Magistrate to hear Small Claim cases for approximately 14 years until 2004. The Magistrate was phased out and eliminated in 2005. Prior to 2002 the part time Magistrate worked ½ day per week and was compensated the sum of \$24,000.00. The duties of the Magistrate position consisted mainly of hearing small claims cases. Immediately upon taking office in 2002 a decision was made to cut the Magistrate’s salary in half to \$12,000.00 per year. Effective January 2004 the position of Magistrate was totally eliminated.

The Judge has assumed all duties of the Magistrate. Pursuant to the Ohio

¹ The total population in these territories is 45,841 [2010 Census] compared to 45, 469 according to the 2000 Census. The populations for the territories are:

City of Amherst	12,021	City of Oberlin	8,286
Village of Wellington	4,802	Village of South Amherst	1,688
Village of Rochester	182	Village of Kipton	243
Amherst Township	5,728	Brighton Township	915
Camden Township	1,424	Henrietta Township	1,861
Huntington Township	1,341	New Russia Township	1,943
Penfield Township	1,789	Pittsfield Township	1,581
Rochester Township	617	Wellington Township	1,420

Revised Code 40% of the Magistrate's position was paid by the County. The County realized an immediate savings of \$4,800.00 per year for calendar years 2002 and 2003 and a savings of \$9,600.00 per year for the calendar years 2004-2021 for a total savings of \$172,800.00 since January 2002 [not including increases in the Magistrate's salary]. The City has not had a Magistrate expense for the past 19 years (\$14,400.00 per year for seventeen years or \$244,800.00) and \$7,200.00 per year for 2002 and 2003 for a total of \$259,200.00. The savings to County and City since 2002 is over one half a million dollars - \$441,600.00 plus approximately \$84,787.20 in payroll expenses (PERS 14%, BWC .037, Medicare .015) **for a grand total savings of \$526,387.20.**

The City of Amherst, Village of Wellington, Village of South Amherst and Village of Kipton have also benefitted directly from the elimination of the Magistrate expense as this is a savings for their percentage of the cost apportionment. These cities and villages in the territory share in the cost of the operation of the court. The Finance Directors of the cities and villages by statute are to meet twice per year to determine the cost apportionment.

The court operated without a probation department [community control department] during the first 43 years. A part-time probation officer was hired in 2002 and since then the department has gone through some changes. Beginning in 2009 there were 3 full time probation officers. Beginning January 1, 2012 the department was reduced to 2 full time probation officers in part due to budget cuts. The court presently has two probation officers, the Chief probation officer and one assistant. The assistant probation officer serves in a dual capacity with the title Court Operations Assistant, and also has other duties including assisting and backing up the Judicial Assistant.

The court has jurisdiction of civil cases that do not exceed claims in excess of \$15,000.00. Small Claims jurisdiction is cases that do not exceed claims in excess of \$6,000.00.

The court has jurisdiction over misdemeanor cases from filing to conclusion. The court has jurisdiction over felony cases for purposes of affording an accused a hearing to determine if probable cause exists that a felony was committed and that the accused committed the felony. In cases where probable cause is established by the state the case is bound over [transferred] to the felony court – Lorain County Court of Common Pleas for consideration by the Grand Jury. At times there are felony cases that are charged as a felony by law enforcement and the Prosecutor changes the charge to a misdemeanor and will not prosecute the felony charge(s). The case is then finished at the Municipal Court as a misdemeanor even though the person was initially charged with a felony offense.

The Clerk of Court is appointed by the Judge. In Courts with territorial population of less than 100,000 [with a few statutory exceptions, e.g. City of Lorain] the law provides that the Clerk is appointed by the Judge.² The Clerk of

² RC 1901.31

Court is Sandra L. Kohart. Sandra was elevated to Clerk from Deputy Clerk when the former Clerk retired. Unlike an elected Clerk whose salary is set by statute [an elected Clerk receives 90% of the salary of the Judge of the Court], the Clerk’s salary is set by the Judge. In years when the court’s expenditures exceed revenue City Council must approve the salary of the Clerk for the ensuing year. While an elected Clerk is paid over \$100,000.00 per year³ the Clerk of the Oberlin Municipal Court presently is paid approximately \$75,000.00 per year.

Summary of Caseload

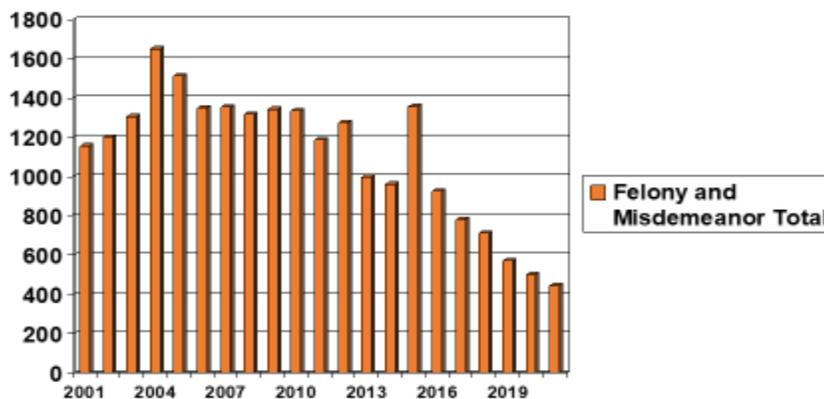

The caseload continues to drop mainly to historic declines in criminal and OVI cases.

Criminal Caseload- 2021

When growing up our family had a shoe store. One of the goals was to make people happy and satisfied so that we would have return business or repeat customers. In this “business” of justice our goal is also to make people happy and satisfied but that we do not have return business or repeaters promoting better decision making and encouraging good habits and changes in patterns of behavior to help persons appearing before the court to become a better or in some cases the best version of themselves.

Overall case filings for Criminal cases again dropped to the lowest level in [at least] 40 years to 444 after a previous historic low in 2020 of only 502. Remarkably, the 444 filings represent a **73 % reduction** from peak filings in 2004 of 1,653. A graph of filings for the past 21 years for criminal misdemeanor filings illustrates the decreasing trend. Save 2015 the decline has been steadily spiraling downward.

ALL CASES FILED BY ALL AGENCIES 2001-2021

³ The law provides that in cases of most elected Clerk’s of Court that the Clerk receives an amount equal to 85% of the salary of the Judge of the Court.

Felony filings were the lowest since computerized records began in 1991. Only 60 felony filings were made in 2021 a **76.47% decrease** from peak filing year in 2004 of 255 felony filings.

Misdemeanor filings were the lowest since computerized records began in 1991. The 384 filings represent **an 86.84% drop** from 1398 peak filings in 2004.

Due to the pandemic and the necessity to limit in person court appearances last year the court had several cases over time but with the re-institution of jury trials this past year, at this year's end the court was only over time with a few cases according to guidelines under the Ohio Supreme Court Rules of Superintendence with regard to the docket.⁴ Even with the pandemic and the relatively few cases over time case load continues to be managed effectively. At the end of 2001 there were 1920 cases pending in the court according to the case management system records. Prior to 2002 the Supreme Court reports were not completed correctly and it is difficult to tell how many cases were over time and in violation of the Supreme Court Rules of Superintendence. As of December 31, 2021 there were only 573 cases pending.

Criminal and traffic cases can be placed into two categories, low maintenance or high maintenance. An example of a low maintenance case is a speeding ticket in which the person charged with the offense has little or no contact with the court. The person is given a speeding ticket and told the amount of a waiver and that the waiver can be mailed to the court. The person mails the waiver to the court. A clerk receipts the waiver and has no personal contact with the offender. Very few additional resources of staff and time are needed to handle a modest increase in these low maintenance cases. The waiver amount includes basic court costs which are similar to the court cost of a high maintenance case. An example of a high maintenance case is an OVI case. Functions performed by the staff and appearances by the offender include:

1. Initial appearance at arraignment – Clerk inputs a not guilty plea; case is scheduled for a pretrial; bond issues are discussed in open court; if a person is a repeat or habitual offender the community control department may request pre-conviction conditions of bond and the person will meet with a probation officer; Clerk inputs the bond entry; if the person cannot afford counsel a discussion is had on the record regarding their qualification for court appointed counsel and if the judge pre-qualifies them in the courtroom the person then fills out a form required to be completed on a form provided by the Ohio Public Defender's office to confirm their qualification for court appointed counsel.

⁴ There are two reports to the Supreme Court of Ohio, an administrative report and an individual Judge report. Of the 7,010 cases filed and/or reactivated there were ZERO cases over the Supreme Court guidelines on the administrative report and only 13 cases over on the individual report with two of those cases scheduled for either plea or sentencing.

2. In most OVI cases a person receives an administrative license suspension⁵ and will apply for limited driving privileges. The person must file a petition – the petition is received by the Clerk and entered into the docket. The petition is then presented to the Judge who reviews the petition. If the privileges are granted a staff member then types a limited driving privilege order. Depending on the number of prior offenses the privileges may require either special license plates and/or ignition interlock. If either of these is required additional forms must be processed. If ignition interlock is ordered then the Community Control Department must be involved to monitor the connection of the ignition interlock and whether there are any violations. The clerk must enter the limited driving privilege order in the docket.
3. In cases where a person is charged with a multiple OVI offense the vehicle is typically seized by law enforcement. The person may petition the court to release the vehicle from the impound lot. The petition must be docketed by the Clerk. The petition or request is reviewed by the Judge. Many times, because the person does not have valid driving privileges the vehicle will be permitted to be released but only subject to immobilization. Immobilization consists of having the vehicle towed to a residence and placing a disabling club on the steering wheel to ensure compliance with the court order of immobilization. The entry of immobilization is completed by the Judge. The entry must be docketed by a Clerk. A court bailiff effectuates the clubbing of the vehicle and documents the immobilization in a file opened by the bailiff. At the conclusion of the case – if the person is convicted of the charge that requires immobilization – then the club is removed from the vehicle which is monitored by the bailiff. A form is required to be sent to the Bureau of Motor Vehicles (BMV). This form is completed by the bailiff and sent to the BMV.
4. Court hearings for OVI typically include at least 3 and sometimes 5 or 6. Rarely, is an OVI completed at the first hearing. At arraignment the case is set for an initial pretrial. If the person has an attorney at the first pretrial, the attorney meets with the Prosecutor and exchanges information in a process called discovery. The attorney obtains specific information regarding the case from the Prosecutor (e.g. police report, witness statements, breath reading and calibration reports). At the conclusion of the first pretrial, if all information requested by the defense attorney has been provided the defense attorney is then given the opportunity to file motions. Typically, a motion to suppress evidence seized as a result of an alleged improper stop, detention, arrest or failure to follow proper procedure to obtain an alcohol sample is filed. If additional information is requested (e.g. sometimes there is a video

⁵ The law provides that if a person is charged with OVI and they either test over the legal limit or refuse to submit to an alcohol test that their operator's license is immediately suspended. The person is permitted to apply for limited driving privileges after a waiting period of 15, 30, 45, 90 or 180 days or 1 year depending on whether the person has any prior offenses.

of the stop or the booking room etc.) then the case is scheduled for another pretrial to allow the Prosecutor time to obtain or the defense attorney time to retrieve the additional information. Once the motion is filed it is either scheduled immediately for a hearing or the issues raised in the motion are discussed at the next pretrial. If after the pretrial(s) the case has not been resolved then an evidentiary hearing is held so that the judge can decide the disputed issues in the motion. Motion hearings usually last between ½ hour and 2 hours depending on the complexity of the issues. Motion hearings have been scheduled as early as 7:30 A.M. and during the lunch hour during heavy volume periods. After the hearing, the matter is typically submitted for ruling – sometimes to allow the parties to supplement or submit written arguments regarding the issues at the hearing. After the Judge rules on the motion a final pretrial is scheduled to see if the case can be resolved before a trial. If the case is not resolved the case proceeds to trial.

5. Once the case is resolved the law requires that the plea be made in open court and that a Judge have a meaningful dialogue with the accused to make sure the person understands the plea and the consequences of having the plea on his/her record. The Judge's explanation includes the consequences of subsequent convictions and the effect of the various pleas that can be made. An entry is typed by the Judge or the Judge's staff along with a waiver of rights form and a dialogue form. Once the plea is completed the person is escorted to the Clerk's office to calculate the financial obligations owed and then escorted to the Community Control Department to discuss what obligations the person has with regard to programs, assessments and/or probation depending on the orders of the court. Persons charged with repeat offenses are mandated by law to obtain an assessment and follow through with the Community Control Department with treatment and/or programs.
6. If there was not a pre-conviction immobilization – on certain repeat OVI offenses there is either a mandatory immobilization period or a forfeiture of the vehicle if titled in the name of the offender at the time of the offense. A mandatory immobilization must be effectuated by the bailiff with similar steps as the pre-conviction immobilization. If there is the possibility of forfeiture then a separate hearing must be scheduled. With a mandatory immobilization the law now provides that if a household or family member relies on the vehicle subject to immobilization, that the household or family member may petition the court for a waiver of the immobilization. If the person files a petition another hearing is scheduled on that request.
7. The Community Control Department then follows the person through their treatment course and/or required programming and also monitors the persons' compliance with probation and monitors them for repeat offenses. If there is a violation, then proceedings are initiated for the alleged violation. If the person does not pay their fine and costs at the time of the plea then the Community Control Department monitors compliance.

Another example of a high maintenance case includes domestic violence cases. In many domestic violence cases the person is held – by law – without bond until the person is brought before a Judge. In a great percentage of cases there is a request made for a protection order (an order prohibiting the accused from having contact with the alleged victim and/or family members of the alleged victim.) Before the issuance of a Protection Order information from the Prosecutor and sometimes the Community Control Department and from other sources is required to be reviewed by the Judge and/or a hearing is held to determine whether to issue a protection order. This information and hearing typically takes a minimum of 15 minutes up to 45 minutes. If an order is issued there are several forms that need to be prepared by the court and processed. The Clerk must docket the information and notify law enforcement of the issuance of the order. Rarely, is a domestic violence case completed until at least 2-4 additional hearings are held. Other examples of high maintenance cases are felony cases and charges of driving under suspension and related charges that have a possible jail sentence as a consequence.

Traffic [excluding OVI]

Included in this category are speeding offenses and other minor misdemeanor offenses such as assured clear distance ahead, stop sign, red light, improper turn signal, and equipment violations such as a missing or burned out license plate light. Also included in this category are crimes involving operating a motor vehicle without a valid license, with no license or while under suspension.

In 2018 there were 5,420 traffic cases filed which was slightly above the 10 year average of 5,326. 2019 saw a substantial increase to 6,755. Due to the pandemic a significant reduction in traffic cases was experienced. Only 4,046 traffic cases were filed in 2020 [year one of the pandemic] representing the lowest number of traffic filings since 1994. This past year, 2021, traffic filings were similar to 2021 with 4,091 traffic cases filed and still well below the ten year average leading up to the pandemic.

Felony Cases

Felony filings: 97 felony filings were made in 2018, the lowest number of felony filings since at least 1991 when computerized records began. In 2019 the filings dropped again to only 75 and in 2020 another drop to only 67 felony filings. 2021 saw yet another drop to only 60 felony cases filed, now the new historic low.

Felony cases can either be initiated in a Municipal Court or the Common Pleas Court. Felony cases filed in the Common Pleas Court are typically a result of an indictment issued by the county grand jury and are not included in this number. Also not included are filings against juveniles. Cases initiated in the Municipal Court are usually a result of a person being charged and/or arrested at or near the time of the alleged incident. When a person is arrested the person is entitled to a

speedy hearing⁶ to determine if there is probable cause that a felony has been committed and probable cause that the person accused committed the felony. If probable cause is found the case is “bound over” (transferred) to the Lorain County Court of Common Pleas Grand Jury for consideration of whether an indictment will be issued.

Felony offenses can include OVI⁷ offenses, repeat Domestic Violence offenses and repeat violations of a Protection Order. With regard to felony OVI the law provides that a person who has three prior OVI offenses within the past 10 years or 5 prior OVI offenses within the past 20 years who is again charged with OVI can be charged with a felony offense. The possible penalties for a felony OVI include a maximum fine of \$10,500.00, 5 years in prison, possible lifetime suspension of driving privileges and a forfeiture of the vehicle driven if registered in the offender’s name.

With regard to felony Domestic Violence a person charged with causing or attempting to cause actual physical harm to a household or family member with one prior conviction for Domestic Violence or other predicate offense is charged as a 4th degree felony [up to a \$5,000.00 fine and 18 months in prison] and a person charged with causing actual physical harm to a household or family member with two or more prior convictions for Domestic Violence is charged with a 3rd degree felony [up to a \$10,000.00 fine and 5 years in prison]. A person with no prior Domestic Violence history can be charged with a 5th degree felony if accused of causing or attempting to cause physical harm to a family or household member who is pregnant. Also, if a person has a prior conviction of certain other crimes, involving a household or family member, subsequent charges can also be charged as a felony. These crimes include: Negligent Assault, Criminal Damaging, Criminal Mischief and Child Endangering.

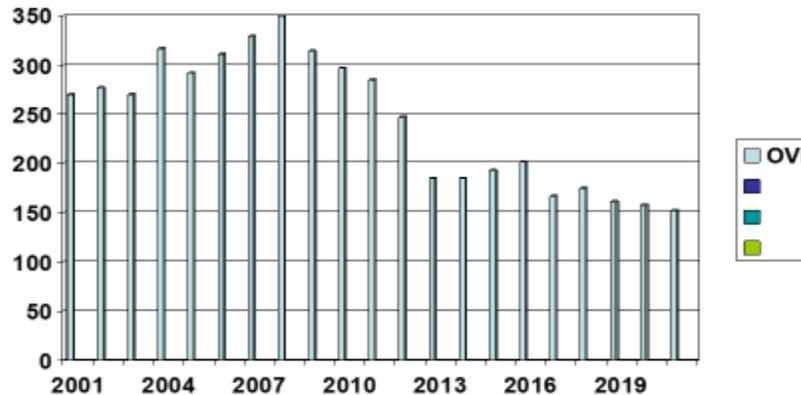

OVI Cases

OVI filings: OVI filings have decreased over the past 10 years averaging only 164 filings per year. In 2018 only 175 filings were made followed by only 161 in 2019 and another drop in 2020 to only 158 and again this year to another all-time low of 152. ***This year was the lowest number of OVI filings since computerized records began in 1991. The average number of filings 1991-2000 was 342. The average number of filings from 2001-2011 was 304. The average from 2012-2021 was 164 representing an almost 50% drop in the prior 21 year average. The 152 OVI cases for 2021 represents a 62% drop from peak year 1994 when 404 cases were filed and a 45% drop from 2008 when 350 OVI cases were filed.***

⁶ Within 10 days if incarcerated and within 15 days if not incarcerated.

⁷ OVI stands for Operating a Vehicle while under the Influence of Alcohol or Drugs of Abuse or a combination of them. The terminology has changed over the years. The offense is still commonly referred to as DUI.

OVI cases Filed 2001-2021 All Agencies

[NOTE: The fact that an OVI charge (or any charge for that matter) is filed does not mean the person is guilty or will be convicted. **Any statistic that reports arrests or charges-as opposed to convictions- should be guardedly considered.** For example, in 2021, 25 or 16% of OVI charges were dismissed by the prosecutor. In addition, 4 persons were found not guilty of OVI after a trial]

Demographic of persons accused of OVI in the Jurisdiction of the Oberlin Municipal Court

Of note is that of the 152 OVI filings remarkably almost 2/3 of those charged with OVI reported an address not in the jurisdiction of the Oberlin Municipal Court. Only approximately 53 persons living in the jurisdiction of the Oberlin Municipal Court in 2021 were charged with OVI in the Oberlin Municipal Court. This is only 0.00117% of the residents of the jurisdiction. The good law-abiding citizens of the jurisdiction of the Oberlin Municipal Court are to be commended and congratulated. Too often recognition and headlines go to those who are scofflaws and disobey the law. Let us recognize the overwhelming percentage of those who are law abiding citizens and hear the good news not the negativity that pervades and invades our thoughts and minds too often from many sources, well-meaning as their intentions may be. We do need to know about the ugly but we also need to constantly be reminded of the positive things that happen, otherwise we become mired in negative thoughts and depression. **Here the good news also... and often.**

Misdemeanor Cases

Criminal misdemeanor filings: Only 384 misdemeanor filings were made in 2021 compared to 438 in 2020 and 495 in 2019 compared to 616 filings that were made in 2018 and 1398 that were filed in peak year 2004. This year was the

lowest number of criminal misdemeanor filings since computerized records began in 1991 and represents a 73% drop in criminal misdemeanors filed compared to peak year 2004.

Criminal misdemeanor cases include misdemeanor assault and domestic violence cases, criminal trespass, disorderly conduct, misdemeanor drug offenses, obstructing official business, criminal damaging, petty theft and passing bad checks [effective 9-30-11 the threshold for a misdemeanor theft, receiving stolen property and passing bad check misdemeanor was increased from \$500.00 to \$1,000.00], possession of marijuana and possession of drug paraphernalia.

Demographic of persons accused of Felony and Misdemeanor Crimes in the Jurisdiction of the Oberlin Municipal Court

Where do people live that are charged with crimes in the jurisdiction of the Oberlin Municipal Court? One might conclude that logically most of those charged would live in the jurisdiction. Not true. The following chart provides a demographic for addresses in the court records for persons charged with criminal offenses for 2021:

Amherst/Amherst Township	Oberlin	Wellington	Elyria/Grafton N. Ridgeville	Lorain/Sheffield Lk	Other Lorain County & surrounding area	Other
63	36	44	33	121		108
15.5%	8.9%	10.86%	8.14%	29.9%	5.89%	26.7%
Note: Amherst Township and City of Amherst population = 42% of population	Note: Oberlin City = 18.41% of population	Note: Wellington and Wellington Township = 24.49% of population				Note: These cases result largely in incidents occurring on the major thoroughfares, e.g. Ohio Turnpike and State Route 2

A/O/W – 35.26%

Lorain/Elyria/Other 64.74%

It is interesting to note that 65% of persons charged with crimes in the Oberlin Municipal Court District report addresses that are **not** in the Oberlin Municipal Court District. Sadly, persons with addresses in the surrounding areas of Lorain and Elyria areas make up 38% of those charged. Only 147 persons of the approximate 45,000 population in the Oberlin Municipal Court District or .00032% of the population were charged with crimes in 2021 that were filed in the Oberlin Municipal Court. [Note: This statistic does not include OVI offenses and does not include direct indictments by the Grand Jury or Juvenile offenders. The OVI demographic is reported elsewhere in this report]

Civil Cases

The pandemic significantly affected the civil filings. **In 2020, only 714 civil filings were made, the lowest number of civil filings in the last 20 years. In 2021 there was an increase to 832.**

Just as there is high and low maintenance cases in the criminal/traffic division there are certain types of cases in the civil division that demand more attention. These types of cases typically are evictions and small claim cases. Evictions and Small Claim cases also have an element of urgency and pose unique scheduling challenges. For example, the law requires a Small Claim case to be scheduled for hearing no less than 15 but not more than 40 days after filing. As a practical matter 15 days is unrealistic because the defendant must be served with the lawsuit by certified mail. Service and return of certified mail will not typically be accomplished in time to fairly notify a person of the hearing date.

The pandemic years have seen eviction filings drop significantly down to only 52 filings this past year, the lowest number of eviction filings in at least 16 years:

2005	140		2014	105
2006	110		2015	127
2007	126		2016	95
2008	131		2017	85
2009	124		2018	76
2010	121		2019	87
2011	110		2020	64
2012	109		2021	52
2013	104			

After a spike in small claim filings from 97 in 2017 to 139 in 2018 small claim filings moderated back to 95 in 2019 but the pandemic did not stifle the filing of small claim complaints as the filings increased to 106 in 2020 and to 142 in 2021.

Jury Trials

In order to keep a current docket and for the efficient operation of the court it is necessary to have jurors available and jury trials scheduled on a regular basis. When a person is charged with a crime that has a possible penalty of a jail sentence or a fine in excess of \$1,000.00 the person is entitled to a jury trial. Also, a person is entitled to a jury trial in any civil case that can result in a money judgment or in certain other cases including an eviction. The court schedules jury trials on most Mondays unless it is a legal holiday.

Jurors are randomly chosen from voting lists. It has been the experience of this Court that the jurors who have served jury duty using this method of selection have taken their duty very seriously and served the community well. Since serving jury duty is an inconvenience for many citizens the court has attempted to minimize this inconvenience. As required by the Ohio Supreme Court the Court has adopted a Jury Management Plan. The Jury Management Plan limits jury duty to a selected juror to no more than four trial dates usually in a one (1) month period that typically consists of initially being called for four consecutive Mondays and serving on no more than two of those dates. The court has implemented a juror information line that informs jurors of the status of upcoming jury trials. We take this opportunity to thank the many citizens who were called for jury duty this past year for their service to this court and to the community. Diana Bizerik, Chief Deputy Clerk in the Civil Department, serves as the Jury Commissioner.

As a result of the pandemic the court did not have any jury trials after March 2020 until July 2021. The court finished the year with 7 jury trials which is slightly below the norm. Typically, the court averages 10-12 jury trials per year over the past 20 years.

Community Control Department (Probation Department)

Alcohol and/or drug abuse are typically contributing factors for the underlying offense that results in a person being placed on probation. Individuals charged with these offenses are often required to obtain evaluations or assessments and the Community Control Department monitors compliance with the assessment for the benefit of the community at large, the person charged and their families.

The Community Control Department provides various categories of service to the court.⁸ At the end of 2009 the Community Control Department consisted of

⁸ Intensive Probation Supervision – When a convicted person is placed on Intensive Probation Supervision she/he is required to maintain frequent contact with the Community Control Department and follow the Standard Conditions of Probation and any other conditions imposed by the court or the Community Control Officer assigned to Defendant’s case.

Basic Probation Supervision – When a convicted person is placed on Basic Probation Supervision she/he is required to maintain contact with the Community Control Department in order to comply with any sanctions imposed by the court (e.g. attendance at AA meetings, community service, restitution etc.)

Monitored Time – When a convicted person is placed on Monitored Time (prior to 1-1-04 the term used was “good behavior”) she/he is required to lead a law abiding life for a stated period of time. This includes but is

three full time probation officers. Beginning in 2012 there were only 2 full time probation officers due in part to budget cuts. The position of Court Secretary was eliminated in 2010.

Presently the court has one full time probation officer and one assistant probation officer who also serves as the back-up judicial assistant. The position is titled Court Operations Assistant. The court may also continue to utilize interns⁹ to assist in the department when available.

Many of the functions performed by the Community Control Department are mandated by the law especially in the area of OVI law. Changes in the OVI law are constantly being made. The OVI law requires that almost all OVI offenders must be placed on some form of probation. 1st offenders are required to either serve 3 days in jail or in the alternative to attend a 3 day Driver Intervention Program. Very seldom does a first offender serve jail. Instead they are urged to attend the 3 day program. At the program an assessment is made for any alcohol issue and the 1st offender then follows through with any recommendations through the Community Control Department. For second and third offenders the law mandates an assessment and treatment as follows:

[2nd Offense OVI] The offender is placed on Intensive Probation Supervision. The offender is required to maintain frequent contact with the Community Control Department and follow the Standard Conditions of Probation and any other conditions imposed by the court or the Community Control Officer assigned to offender's case. Under the law the offender must be assessed by an alcohol and drug treatment program that is authorized by section 3793.02 of the Revised Code and must follow the treatment recommendations of the program. The purpose of the assessment is to determine the degree of

not limited to not committing any similar offense, any offense of violence or any alcohol related offense if alcohol was a contributing factor to the offense(s) that gave rise to the filing of the charges in the case.

Court Supervised Release – In any pending charge where jail is a possible penalty the court may set conditions on the bond of an accused. The court may pursuant to Criminal Rule 46: (1) Place the person in the custody of a designated person or organization agreeing to supervise the person;(2) Place restrictions on the travel, association, or place of abode of the person during the period of release;(3) Place the person under a house arrest or work release program;(4) Regulate or prohibit the person's contact with the victim;(5) Regulate the person's contact with witnesses or others associated with the case upon proof of the likelihood that the person will threaten, harass, cause injury, or seek to intimidate those persons;(6) Require a person who is charged with an offense that is alcohol or drug related, and who appears to need treatment, to attend treatment while on bail;(7) Any other constitutional condition considered reasonably necessary to ensure appearance or public safety. In certain cases the court evaluates a person's record when they appear for arraignment on an alcohol related offense and if the court determines that it is necessary for public safety and/or a person appears to need treatment the court places conditions on the person's bond including obtaining an alcohol assessment and reporting to the Community Control Department.

Seal Record Hearings – When a person applies to have their record sealed the Community Control Department does a records search to see if there are any pending cases and whether the person is eligible for the sealing of their record.

⁹ The court has utilized interns from Tiffin University, Miami of Ohio University, University of Toledo, Lorain County Community College and Ashland University.

the offender's alcohol usage and to determine whether or not treatment is warranted. The program is required to submit the results of the assessment to the court, including all treatment recommendations and clinical diagnoses related to alcohol use.

[3rd Offense OVI] The offender is placed on Intensive Probation Supervision for an initial period of 12 months. The offender is required to maintain frequent contact with the Community Control Department and follow the Standard Conditions of Probation and any other conditions imposed by the court or the Community Control Officer assigned to offender's case. Under the law the offender must participate in an alcohol and drug addiction program authorized by section 3793.02 of the Revised Code and shall follow the treatment recommendations of the program. The operator of the program must determine and assess the degree of the offender's alcohol dependency and make recommendations for treatment. The program must submit the results of the assessment to the court, including all treatment recommendations and clinical diagnoses related to alcohol use.

The law also requires that certain repeat offenders be monitored using electronic monitoring devices as a condition of probation and/or have an ignition interlock device installed as a condition of obtaining driving privileges. The court also requires monitoring of other offenders who have a significant and/or history of alcohol related offenses or offenses of violence that appear to create a safety risk to the community, other individuals and/or themselves.

The Community Control Department also has the duty of presenting most probation violations in open court and making recommendations with regard to probation violations. For contested probation violations the Community Control Department may request the assistance of the prosecutor's office for the agency that charged the underlying offense.

The information below provides the active number of cases in various categories of probation and the cases initiated or added during calendar years 2016- 2020 in each category:

Category ¹⁰	12/31/16	Added 2016	12/31/17	Added 2017	12/31/18	Added 2018	12/31/19	Added 2019	12/31/20	Added 2020	12/31/21	Added 2021
Intensive Supervised	126	92	113	55	108	59	72	32	52	25*	61	76

Presentence Investigation	17	174	21	134	20	167	7	90	12	109	2	14

¹⁰ The "added" cases do not include cases added **and completed** in the year reported.

Deferred Jail									218	34	275	104
Lorain County Adult Probation	5	0	10	5	2	9	4	3	2	2	4	10
Seal Records	7	Not Available	4	11	Not Available	Not Available	3	29	5	35	2	30

*Number does not include cases that were originated and terminated within the year 2020.

Efforts have been made to fund the department so that it does not become a burden on the general operating fund of the court. The Community Control Department is funded in part through the collection of Supervision Fees that are permitted by law. In 2021 the sum of \$ 45,653.71 was collected for Court Supervision Fees.

2021 Bailiff Report¹¹

2021 Year End Report

The Bailiff’s Office of the Oberlin Municipal Court is staffed by one Chief Bailiff, one full time Health and Safety assistant, two part time Court Security Officers and one part time Deputy Bailiff. They are responsible for the safety and security of the courthouse and the Judge, employees, and visitors. This is accomplished by operating and maintaining the metal detector at the main entrance, the panic alarm system and the closed circuit surveillance system as well as the training of employees of emergency policies and procedures along with overseeing the implementation of the Covid-19 health protocols. The Health and Safety Officer has the responsibility of scanning all employees and visitors who enter the courthouse to ensure a safe and healthy environment.

Other responsibilities of the Bailiff include the service of court documents (summons and subpoenas) and orders (immobilizations and evictions). As of December 31st, 2021, there were 367 court issued documents requiring service to persons within the Lorain County area. The three types of service of these documents are Personal Service (84), Residential (58), and Posting (123). Service requires the Bailiff to contact the person either by personally handing him or her the document to be served (Personal Service), leaving the document with an adult or other responsible person at the listed address (Residential Service), or posting the document in a conspicuous place, usually on the front door after unsuccessful personal or residential service (Posting Service). In 14 instances, persons were unable to be served and were documented. The most common cause of being unable to make service of any type was contact made at the listed address, but the subject had moved and did not leave a forwarding address. In 2021 there were 21 vehicle immobilizations and 25 evictions completed.

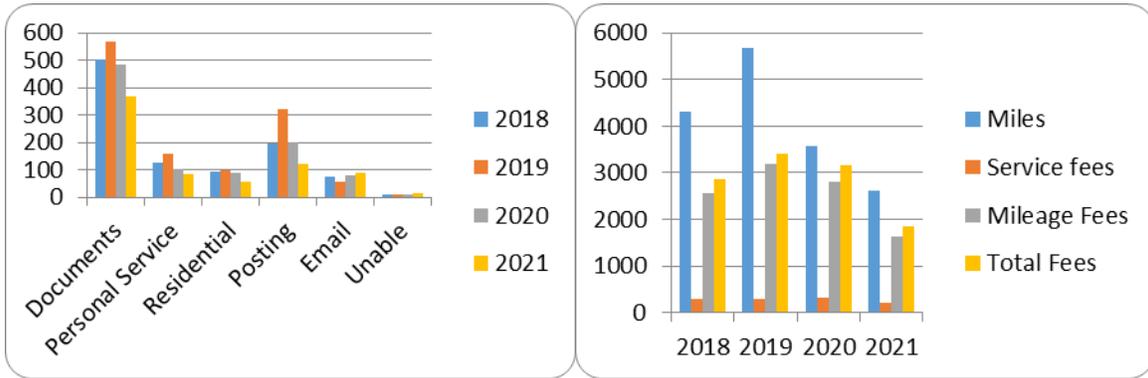

The Bailiff uses a 2011 Ford Fusion to carry out his duties. A total of 2,628 miles were driven and \$1,645.84 in mileage and fees charged. In an effort to reduce the carbon footprint made by the Court, alternative means of conducting business are still being pursued. One such example is the service of subpoenas by email. This process involves the Bailiff making contact with the person by phone and verifying their email address. The subpoena would then be scanned and emailed to the person with a request of a return email verifying receipt. This process saves the time and resources of the Bailiff by allowing the bailiff to stay at the court continuing bailiff duties while making service of papers. This process has been well received by all individuals participating. There were 88 subpoenas that service was made by email, accounting for 24% of all papers served.

Year 2021 in comparison to previous three years:

Court Issued Documents

Vehicle Statistics

¹¹ Report submitted by Chief Bailiff Joe Davidson

Budget Issues

Court Costs and Fines Paid to City of Oberlin

Criminal and Traffic Division

The previous five years were \$755,939.30 in 2015, \$646,589.58 in 2016, \$665,005.62 in 2017, \$710,721.85 in 2018 and \$769,591.44 in 2019. And then there was Year One of the Pandemic. Only \$452,491.66 was collected due to the drastic decrease in the filing of traffic cases. The year 2021 began with a slight rebound but as the pandemic entered its “fourth wave” in the 4th quarter of 2021 as the filing of citations plummeted in the 4th quarter and revenues again fell resulting in a second straight year of low collections in the criminal/traffic division in the amount of \$523,682.05.

Civil Division

In 2021 collections were \$105,060.02 down from 2020 when collections were \$121,613.85, the highest level since 2012.

Expenses

The court has always operated within its budget using a conservative budget philosophy and has operated under budget since at least 2002. In 2021 the projected budget was \$840,678.38. The actual expenditures were \$783,649.56 or 6.8% under budget.

The judiciary is a separate branch of the government. As such, the Judge has a duty to provide staff and resources to provide for the fair and impartial administration of justice. A Judge is prohibited from being pressured from funding authorities to follow the priorities of the funding authority rather than be guided by the court’s own priorities. Case law has consistently recognized that local funding authorities cannot substitute their own spending priorities for those of the court when it comes to how the court should be operated.¹² The authority to operate the

¹² In *State ex rel Johnston v. Taulbee*, 66 Ohio St. 2d 417 (1981), the court directed that the Ohio general assembly may not expand the discretion that local funding authorities have over court funding. The court said that it was unconstitutional for the legislature to encroach on the judicial authority to determine the court’s funding needs and to impede the judiciary in the administration of justice. To grant the county commissioners the “power of the purse” over judicial administration, “unconstitutionally restricts and impedes the judiciary in complete contradiction of rudimentary democratic principles.” Also see *State ex rel Weaver v. Lake County Board of Commissioners* (1991), *State ex rel Donaldson v. Alfred* (1993), *State ex rel Wilke v.*

court and make determinations as to the appropriate level of funding needed to operate the court, are decisions that are within the exclusive authority of the courts. These are matters about which the courts have the constitutional obligation to protect and preserve from interference from another branch or level of government. These principles are at the heart of the separation of powers framework endorsed by the Founding Fathers in the Federalist Papers, and evident in Federalist Paper #52:

“In order to lay a due foundation for that separate and distinct exercise of the different powers of government, which to a certain extent, is admitted on all hands to be essential to the preservation of liberty, it is evident that each department [branch of government] should have a will of its own The great security against a gradual concentration of the several powers in the same department [branch of government], consists in giving to those who administer each department, the necessary constitutional means, and personal motives, to resist encroachments of the others Ambition must be made to counteract ambition. (Federalist #52)”

The concern regarding the judicial function is under scrutiny. On January 29, 2018 Chief Justice O’Connor sent a letter to all judges in the State **emphasizing the court’s function is not to generate revenue:**

“I know the pressure that many of you face to generate revenue, to increase collection rates, to “self-fund” as if the courts are a business trading in a commodity. But court cases are not business transactions. We do not buy and sell a commodity; we perform a public service. Nevertheless, focus on the “business” of the courts appears at times to be overtaking interest in our fundamental responsibility to do justice.”

And after reviewing an audit report last year concerning a municipal court in this state, the Chief Justice became so concerned about the emphasis on the “business of the court” that Chief Justice O’Connor wrote directly to the State Auditor David Yost expressing her “deep distress”:

“Finally, the overall tone of the audit report is troublesome because of the underlying assumption that court fines and fees are merely opportunities for revenue enhancement. . . . Pressure that courts self-fund can create a system of justice that is premised on a “pay-as-you-go” model, not the principle that courts and the administration of justice are a fundamental and general obligation of government. If the existence of a court is dependent upon self-funding, we run the danger of creating a system of built-in incentives for courts to use judicial power for self-preservation not the promotion of justice for all. . . .

Hamilton County (2000), State ex rel Pike v. Hoppel, Board of Commissioners of Columbiana County (2000), State ex rel Maloney v. Sherlock (2003)

Judges and court staff cannot be seen as collection agents. Whether courts contribute to a city's bottom line or generate sufficient cash flow for its own operations should not be even a secondary thought considering the role of the judiciary in our system of government."

Shortly after receiving the Chief Justice's letter, Auditor Yost contacted the Chief Justice emphasizing his support for the principle that the courts' fundamental and unquestionable responsibility is to ensure that justice is done and that we should not be expected to engage in practices designed to maximize revenue by taking advantage of our citizens or ignoring basic constitutional standards. Auditor Yost committed to the Chief Justice that he would begin a program of educating his auditor staff and contract auditors to consider the appropriate role of the judiciary in any review.

Notwithstanding, the court is not insensitive to the needs and concerns of the City and continues to address the needs and concerns of the City with regard to the Budget, as it has with past budgeting. Although the past three years court revenues were down the court has over the years been mainly in the black. Over the years the court has been able to comply with constitutional and statutory duties while not becoming a financial burden to the good citizens of the territories of the Oberlin Municipal Court. Whether this trend continues will be dictated by the number and types of cases filed in the coming years. There are limited steps that have been and can be taken to attempt to keep revenues in excess of expenses without compromising the administration of justice.

Measures taken over the years are reported in the courts annual reports. These measures have been taken over the years to keep the court's fiscal house in order and permit the court to provide the necessary services mandated by law without over burdening the funding authority. In any event, the court remains sensitive to the concerns of the City.

Changes affecting Municipal Court Operations

1. County wide Bond Schedule

There has been a national conversation involving pretrial release of persons accused of crimes. There is a general consensus that many times a person is held on a bond for no other reason than the person does not have the means to post bond. This court has been proactive on this issue. On Mach 15, 2019 the Oberlin Municipal Court adopted a local rule to address the concern of pretrial detention for persons not able to pay a cash or surety bond. The following is a summary of the rule:

- The general rule is that any person charged with a misdemeanor is to be released on a \$500.00 personal bond [a personal bond is a signature bond and no money need be paid for release]

- There are exceptions for persons who must be held without bond by law until a judge reviews the case
- There are exceptions for persons identified by law enforcement as a safety risk or at risk of not appearing in court which are to be documented in a report or separate document filed with the court

The rule is not much different than what had been the practice in this court for quite some time. It merely a codified the practice of the court.

On July 1, 2020 the Ohio Supreme Court adopted a Rule very similar to the Oberlin rule. Neither the Supreme Court Rule nor the Oberlin Rule apply to persons arrested on bench warrants or probation violations. These persons are not persons being held pre-conviction. These persons have failed to comply with court orders.

This past year the Ohio Supreme Court mandated that in counties where there are multiple Municipal Courts in a county that the municipal courts must collaborate and agree on a common bond schedule. A common bond schedule was adopted effective September 29, 2021 by all Lorain County Municipal Courts [Lorain, Elyria, Avon Lake, Vermilion and Oberlin]. The common bond schedule is mainly the Oberlin rule slightly modified.

On January 4, 2022 the Ohio Supreme Court ruled that pursuant to the Ohio Criminal Rules of Procedure a court may not consider public safety when setting a financial bond. *DuBose v McGuffey* 2022-Ohio-8.

South Amherst institutes Mayor's Court

The Village of South Amherst instituted a Mayor's Court this past year. The effect of the Mayor's court is that most traffic cases will no longer be filed in the Oberlin Municipal Court. South Amherst has averaged 200 traffic filings in the Oberlin Municipal Court in the past 10 years. The impact on the court should be minimal as those traffic filings represent only 3.8% of the average traffic filings for that period.

Repeat OVI offenses and most criminal charges will continue to be filed in the Oberlin Municipal Court.

Media Relations and Transparency

The court makes every effort to be transparent in order to promote confidence in the justice system. Open court hearings comply with the 1st Amendment requirement of public trials. See *State ex rel. The Repository, Div. of Thompson Newspapers, Inc. v. Unger* (1986)28 Ohio St.3d 418 where the court held: "Thus, although the orders that were issued by the judges in the underlying cases did not arise at trial but instead occurred at pretrial hearings, we see no reason under the Ohio Constitution to differentiate between the public's right to

attend pretrial proceedings and its right to attend trials. Therefore we hold that the right to a public trial pursuant to the United States and Ohio Constitutions extends to pretrial proceedings.” For this reason, all hearings involving the judge are held in open court.

The 1st Amendment to the Constitution of the United States of America prohibits the making of any law infringing on the freedom of the press. For the most part newspapers are free to print whatever they please [within certain limits] with regard to their perception of the truth. Sometimes newspapers print stories about court cases based on information that is received from sources that cannot be verified by actual court records or the docket and understandably articles written from these other unofficial sources may result in news articles that are inconsistent with the “truth of the case” but may well be justified under the newspapers 1st Amendment rights.

In the Oberlin Municipal Court we try our best to be completely transparent and provide truthful and accurate accounts of proceedings in all cases to avoid the dissemination of misinformation by the media. Misinformation is harmful to the participants in the case and to the general public. Misinformation regarding legal proceedings also directly affects the quality of life of community members with regard to their confidence in the justice system and having accurate and truthful information to form an opinion as to the state of affairs of the justice system and accountability of elected officials in the justice system. In cases of public interest we take extra care to make sure that the media is provided accurate information anticipating that there may be a news report of the court proceedings. Reporting good news and accurate news is always appreciated.¹³

Good News Alert

There are many good and positive things that happen in our judicial system in Lorain County, Ohio including in the Oberlin Municipal Court. Contrary to the evening news there is more good news than bad news in the world including here in the Oberlin Municipal Court. Some of the recent positives include:

1. Court saves over ½ million dollars by eliminating the position of Magistrate

The Magistrate’s salary was reduced in ½ in years 2002 and 2004 and the Judge in 2004 assumed all duties of the Magistrate. Pursuant to the Ohio

¹³ The Society of Professional Journalist Code of Ethics is instructive. The preamble provides that public enlightenment is the forerunner of justice and the foundation of democracy. Ethical journalism strives to ensure the free exchange of information that is accurate, fair and thorough. An ethical journalist acts with integrity. The Society declares four principles as the foundation of ethical journalism and encourages their use in its practice by all people in all media. These principles are: 1. Seek Truth and Report it. 2. Minimize Harm 3. Act Independently 4. **Be accountable and transparent including acknowledgement of mistakes and correcting them promptly and prominently.** The code acknowledges that the code is unenforceable due to the 1st Amendment.

Revised Code 40% of the Magistrate's position was paid by the County. The County realized an immediate savings of \$4,800.00 per year for calendar years 2002 and 2003 and a savings of \$9,600.00 per year for the calendar years 2004-2021 for a total savings of \$172,800.00 since January 2002 [not including increases in the Magistrate's salary]. The City has not had a Magistrate expense for the past 19 years (\$14,400.00 per year for seventeen years or \$244,800.00) and \$7,200.00 per year for 2002 and 2003 for a total of \$259,200.00. The savings to County and City since 2002 is over one half a million dollars - \$441,600.00 plus approximately \$84,787.20 in payroll expenses (PERS 14%, BWC .037, Medicare .015) **for a grand total savings of \$526,387.20.**

2. OVI cases drop to lowest level in decades

In 2020 only 158 OVI filings were made and this year 2021, only 152 OVI filings were made. **This year was the lowest number of OVI filings since computerized records began in 1991. The average number of filings 1991-2000 was 342. The average number of filings from 2001-2011 was 304. The average from 2012-2021 was 182 representing an almost 44% drop in the prior 21 year average. The 152 OVI cases for 2021 represents a 62% drop from peak year 1994 when 404 cases were filed and a 45% drop from 2008 when 350 OVI cases were filed.**

3. Criminal misdemeanor and Felony cases drop to lowest level in decades

Felony filings: 60 felony filings were made. This is lowest number of felony filings since at least 1991 when computerized records began. Criminal misdemeanor filings: 384 filings were made. This is the lowest number of filings since at least 1991 when computerized records are available. The total criminal cases filed – 444 is a 73 % reduction from peak filings in 2004 of 1,653 [See graph at p.8 above].

4. Pretrial process transparent in Oberlin Municipal Court

A common criticism about the justice system is that much of what happens in the justice system is decided behind closed doors. In the Oberlin Municipal Court no adversarial proceedings in which the judge is involved are made behind closed doors. Each discussion involving the judge is held in open court to foster transparency. Open court hearings comply with the 1st Amendment requirement of public trials. See *State ex rel. The Repository, Div. of Thompson Newspapers, Inc. v. Unger* (1986)28 Ohio St.3d 418 where the court held: “Thus, although the orders that were issued by the judges in the underlying cases did not arise at trial but instead occurred at pretrial hearings, we see no reason under the Ohio Constitution to differentiate between the public's right to attend pretrial proceedings and its right to attend trials. Therefore we hold that the right to a public trial pursuant to the United States and Ohio Constitutions extends to pretrial proceedings.

5. Community Standard set by Judge

Several years ago I had a discussion with another judge regarding community standards. The judge insisted that the community standards for matters such as sentencing should be set by the local prosecutors. Consistent with that viewpoint the judge permitted widespread plea bargaining between the prosecution and the defense leaving the judge little or no input on sentencing.

I explained to my honorable colleague that in the Oberlin Municipal Court that the judge not the local prosecutors set the community standard for a number of reasons. In the Oberlin Municipal Court District the judge is an elected official directly accountable to the electorate while none of the prosecutors are elected but are appointed. Some of the prosecutors are several steps removed from direct accountability to the electorate. For example, in one of the jurisdictions the prosecutor is appointed by the Law Director who is appointed by the City Council who are directly accountable to the electorate. Over the years most of the prosecutors who have prosecuted cases in the court have not even resided in the jurisdiction of the court. Some have been exemplary, some have not.

Plea bargaining in this court has been limited to permit the judge to have input in sentencing in most high maintenance cases. The successful results of the judge setting the community standard in the Oberlin Municipal Court District is evident throughout this report as the number of high maintenance cases have decreased dramatically. It is vital that the person directly accountable to the electorate set the community standards in order for the justice system to operate in a meaningful and effective manner. In this court that person is the judge.

This information – and more- is readily available for dissemination to the good citizens of our community to give them confidence in the justice system and their elected officials and feel positive about the community in which they live. Sometimes information disseminated about the justice system and public officials involves reporting of discouraging news, giving the distorted impression that all is wrong with the judicial system and elected officials.

Conclusion

Thank you for the opportunity to continue to serve as Judge of the Oberlin Municipal Court. It is a position that I truly enjoy and consider it an honor and a privilege to serve. We will continue our endeavor toward improving the operation of the court and building confidence in our justice system to better serve both the community and the participants in the proceedings.

	NOTE: Totals do not include the sum of \$6,571.20 in 2017 and \$9,034.50 in 2018 and \$7427.75 in 2019 which appears on the Court's Monthly Expenditure worksheets under the category "Visiting Judge Salaries - County" This is clearly not an expense of the Court and is an expense of the County and State of Ohio. It is used for accounting purposes only. It is in the nature of an advance or loan to the County and State. In past years the County Auditor paid the Visiting Judges directly.	Recently, the County Auditor has requested that the City of Oberlin advance these funds and pay the Visiting Judge and await reimbursement from the County and State. The court was not in agreement with this procedure because it wrongly reflects an expense of the court that does not exist. Since the court does not consider this an expense of the court it should not be included in the cost of operation of the court.

SPECIAL FUNDS

Summary

The court has five special funds that have been established. These funds are held by the City for the uses and purposes set forth by statute.

Indigent Alcohol Fund

The Indigent Alcohol Fund is a statutory fund. Subsection (N) of R.C. Section 4511.191 creates the juvenile, county and municipal Court's Indigent Drivers Alcohol Treatment Funds. Section 4511.19(L) provides that the court may order the use of these funds for payment of the cost of the attendance at an alcohol and drug addiction treatment program of a person who is convicted of an OVI offense and who is determined by the court to be unable to pay the cost of attendance at the treatment program.

As of December 31, 2021 the sum of \$18,162.270 was in the fund. Deposits for the year totaled \$17,116.77. Expenditures for the year totaled \$23,843.00.

Ignition Drivers Interlock and Alcohol Monitoring Fund

Pursuant to RC 4511.19(G)(5)(e) and RC 1901.26 for offenses committed on or after September 30, 2008 the Court has established a Special Projects Fund called the Indigent Drivers Interlock and Alcohol Monitoring Fund. Fifty dollars of the fine imposed for certain repeat OVI offenders¹ are to be deposited into this fund and are used exclusively to cover the cost of immobilizing or disabling devices, including certified ignition interlock devices, and remote alcohol monitoring devices for indigent offenders who are required by a judge to use either of these devices. The fund balance as of December 31, 2021 was \$66,441.16. Deposits for the year totaled \$13,171.51 and expenditures totaled \$15,485.12.

Court Computer Fund and Clerk of Court Computer Fund

These two funds were previously combined and called the Court Equipment Replacement Fund also referred to as the court's Computer Fund. The fund is used to update the court and clerk's computer systems, both hardware and software. Prior to August 1, 2002 the sum of \$2.00 per case was assessed as court costs to maintain this fund. During 2002 the court determined that substantial improvements were needed to the court's computer systems. As a result, the amount per case assessed as court costs was increased to \$10.00 per case as of August 1, 2002. Another adjustment was been made effective January 1, 2004. The court costs per case for this fund have been reduced to \$4.00 per case. The reduction in the costs was due in part to the amount of funds that have been accumulated and to allow for an adjustment in court costs for court security and for general costs for the operation of the court. A further reduction to \$2.00 per case was made in April 2005 for the same reasons.

¹ Sections G(1)(a)(iii), G(1)(b)(iii), G(1)(c)(iii), G(1)(d)(iii), and G(1)(e)(iii) of RC 4511.19

As of January 1, 2008 the fund is divided into two separate funds: 1. Court Computerization Fund; and 2. Clerk Computerization Fund. This is a result of the Judge's reading of the section in the Ohio Revised Code that provides for these funds. As of January 1, 2008 the sum of \$5.00 per case was charged in each criminal and traffic case and each civil and small claims case filed for the Clerk Computerization Fund and the sum of \$2.00 per case was be charged for each criminal and traffic case for the Court Computerization Fund. Adjustments were made in 2017 to \$1.00 and \$1.00 to provide additional funds for operating expenses due to lower case filings and lower revenue.

Court Computer Fund [806]: Activity for the fund for 2021 included deposits totaling \$9,241.00 and expenses totaling \$14,773.37. The balance in this fund as of December 31, 2021 is \$51,450.29.

Clerk Computer Fund [808]: Activity for the fund for 2021 included deposits totaling \$26,852.05 and expenses of \$29,762.68. The balance in this fund as of December 31, 2021 is \$135,940.71.

Court Improvement Fund [805]

The Court Improvement Fund was created in 1992. At that time the sum of \$4.00 per case was assessed as court costs to maintain this fund. The amount was increased to \$10.00 per case in 1996. The amount per case was increased to \$14.00 per case in 1999 to fund the remodeling project. Effective August 1, 2002 the amount was adjusted downward to \$10.00 per case to allow an increase in the amount charged for the Court Equipment Replacement fund in anticipation of the costs to update the existing server and other computer related costs.

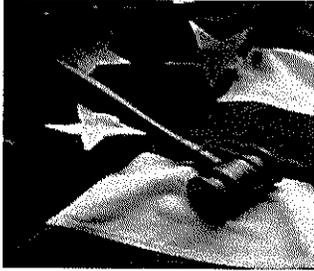

As of January 1, 2008 a cost of \$15.00 per criminal and traffic case and \$15.00 per civil and Small Claims has been charged for the following reasons:

Pursuant to RC 1901.26 the court has determined that for the efficient operation of the court, additional funds are necessary to acquire and pay for special projects of the court including, but not limited to, the acquisition of additional facilities or the rehabilitation of existing facilities, the acquisition or replacement of a bailiff's vehicle, the acquisition of fixtures and the acquisition of security devices, monitoring equipment for the probation department to enforce the orders of the court and other equipment.

As of September 1, 2016 the court costs for this fund were reduced to \$2.00 per criminal and traffic case. The court determined that there was a need to increase the general court costs due to the fact that an increase in the general costs had not been increased since 2010. Rather than increasing overall costs an adjustment was made.

The balance as of December 31, 2021 is \$973,253.34. Deposits for the year totaled \$34,649.40 and expenditures \$6,175.00.

Oberlin Municipal Court
 Statistical Analysis
 Cases Filed 2001-2021

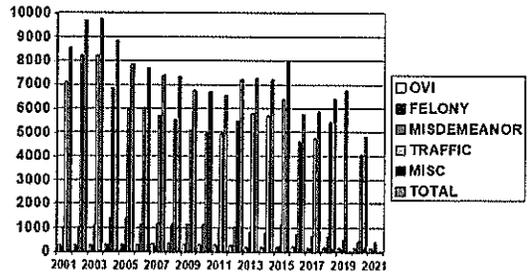

The following information was compiled from the Oberlin Municipal Court computer system. The information represents adult felony, misdemeanor, traffic and OVI charges filed in the Oberlin Municipal Court for the calendar years 2001-2021. The information does not contain cases filed in Juvenile Court or indictments issued by the Lorain County Grand Jury for incidents in the Oberlin Municipal Court Jurisdiction.
